Fiscal Year 2021 Annual Budget

Final

PAGE LEFT INTENTIONALLY BLANK

Overview

The San Diego Unified Port District's (District) budget document establishes a one-year financial plan to fulfill the District's statutory mission, support the District's role as trustee of State tidelands, and achieve the strategic goals of the District. The budget is also a disclosure document intended to provide transparency on District operations.

The District's budget is divided into sections as presented below:

Section 1 – Introduction

This section identifies the Board of Port Commissioners, Executive Leadership Group, Vision, Mission, and Core Values, Map of Tidelands, District Overview, and Branding.

This section also contains the Message from the Chief Financial Officer/Treasurer (CFO) and Budget in Brief. The CFO Message discusses the current state and future plans of the District, which will be included in the final Adopted Budget. The CFO Message also highlights the major provisions that have been included in the FY 2021 Budget and discusses changes from the prior year's budget and budget assumptions used to prepare the budget.

Section 2 – Reader's Guide

This section is designed to help familiarize the reader with the District and its budget by providing an overview of the District organization, the District's fund and budget document structure, budget process, the budget timetable, and general information.

Section 3 – Highlights

This section provides an overview of staffing, revenue and expenses, debt management, equipment outlay and other capital projects, Capital Improvement Program (CIP), Major Maintenance Program (MM), Technology Management Program (TMP), and other fund highlights.

Vision, Mission, and Core Values

VISION

21st Century Port - We are an innovative, global seaport courageously supporting commerce, community, and the environment.

MISSION

The Port of San Diego will protect the Tidelands Trust resources by providing economic vitality and community benefit through a balanced approach to maritime industry, tourism, water and land recreation, environmental stewardship, and public safety.

CORE VALUES

Map of Tidelands

District Overview

THE SAN DIEGO UNIFIED PORT DISTRICT

The San Diego Unified Port District (District) is a regional public agency established in 1962 by an act of the California State Legislature to consolidate management responsibilities for the San Diego Bay. This consolidation provides ongoing efficiencies and centralized planning for the tidelands along the San Diego Bay.

- The District is an economic engine, creating jobs and dollars for the regional economy through the promotion of maritime trade, tourism, and other commercial activities.
- The District is an environmental steward, preserving and enhancing the natural resources of the San Diego Bay and surrounding tidelands.
- The District is a provider of community services, providing public access, public safety, recreation, and community activities along the waterfront for visitors and residents of the region.

A seven-member Board of Port Commissioners governs the District. Board members are appointed to four-year terms by the city councils of Chula Vista, Coronado, Imperial Beach, National City, and San Diego. The San Diego City Council appoints three commissioners and each of the other member city councils appoints one commissioner. Port Commissioners establish policies that the District staff, under the direction of the President/Chief Executive Officer (President/CEO), uses to conduct daily operations.

The District's maritime, real estate, and parking generate billions of dollars for the region's economy and allow the District to operate without the benefit of tax dollars. The District has the authority to levy a tax, but has not done so since 1970.

PUBLIC TRUST DOCTRINE

The District is also a trustee of state lands subject to the Public Trust Doctrine, which mandates how California's sovereign lands should be managed. Also known as public trust lands, they include areas that used to be or are still under the bay and other waters. These lands cannot be bought and sold because they are held in the public trust and belong to the people of the State of California. As the trustee of these lands, the District is responsible for carrying out the principles of the Public Trust Doctrine. This includes protecting the environment, promoting the public's enjoyment of these lands, and enhancing economic development for the public's benefit.

Branding

Brand Promise

Enrich the relationship people and businesses have with the dynamic waterfront of San Diego Bay, providing prosperity and a more remarkable way of life.

Brand Foundation

The District, commonly known as the Port of San Diego (Port), is where San Diego greets the world. On behalf of the State of California, the Port is an innovative champion for the 34 miles of San Diego Bay waterfront along Chula Vista, Coronado, Imperial Beach, National City, and San Diego.

The Port is a protector of the environment and our communities, an innovator for businesses and a host to visitors and residents. Self-funded, the Port reinvests the revenues from hundreds of businesses on our dynamic waterfront, creating prosperity and a remarkable way of life for all.

SUB-BRANDS	PURPOSE
	Port Maritime moves goods and people around the world. Home to a successful working waterfront, we work with our maritime partners to provide well-paying jobs and billions of dollars for our community.
	Port Waterfront Development brings vision to reality. As the innovative champion for businesses in our region, we ensure our partners have the opportunity to stay competitive in the global marketplace.
	Port Public Safety protects and oversees the safety of the San Diego Bay waterfront. Our Harbor Police Department is at the front line of security and service, with specialized expertise on land and sea.
	Port Experiences provides unique opportunities to explore and enjoy our vibrant waterfront. As a treasured destination, the Port is the heart and soul of our collective pride, welcoming visitors from around the world to be inspired by San Diego Bay.
	Port Environment champions the safekeeping and environmental care of our dynamic waterfront. The Port is a leader in protecting our land, air and water, ensuring it remains a vital resource for generations to come.

Uncharted Waters

As a global seaport, *Uncharted Waters* couldn't be a more appropriate term for the situation the San Diego Unified Port District, along with the rest of the world, finds itself in. First detected in Wuhan City, Hubei Province, China at the end of 2019, a novel coronavirus quickly spread and was declared a pandemic in early 2020. The virus, named "SARS-CoV-2" and the disease it causes, "coronavirus disease 2019" (abbreviated COVID-19), became not only a global health crisis, but a global economic crisis as well, impacting travel, tourism, and trade - and as a result, District revenues.

Prioritizing public health and safety, the District acted quickly to the health crisis by closing public spaces and activities, including parks, beaches, piers, boat launch ramps and the District's Administration Building, to help lessen the spread of and exposure to COVID-19, per public health orders enacted by the State of California and the County of San Diego. Those health orders also forced the closure of many businesses around San Diego Bay - including hotels, restaurants, museums and other travel and tourism-related businesses. Additionally, cruise lines cancelled their remaining sailings for the 2019-2020 season. These closures and cancellations resulted in an immediate impact on Port revenues - \$31 million estimated for the end of Fiscal Year 2020 - and as presented in more detail in the report to follow, will have significant impacts on Fiscal Year 2021 (FY 2021).

The District's immediate focus looking to FY 2021 is on essential services such as public safety - Port of San Diego Harbor Police will continue to operate 24 hours a day, seven days a week; maritime operations - cargo tenants and the Working Waterfront will continue to be critical links in the local, regional and global supply chains; and maintenance of public infrastructure, facilities and spaces. Two additional primary objectives include keeping as much staff as possible, and keeping projects moving forward.

At the direction of the Board of Port Commissioners, District staff began developing the FY 2021 budget by looking at different budget scenarios, estimating where we thought the District would be by quarter, and preparing a list of expense reductions. We then made some across-the-board percentage cuts in non-personnel expenses, major maintenance, capital improvements, technology management, and a variety of other programs.

While preparing this information, many District tenants requested rent relief. In response, District staff prepared an overall recommendation for rent deferral with a zero-interest repayment plan.

Next, staff prepared budget scenarios for Worse Case, Base Case, and Better Case and presented those scenarios to an Ad Hoc Committee. The Committee strongly agreed with finding ways to keep as many employees as possible, supported the tenant relief program recommendation, and concurred with using reserves - specifically, \$17.6 million to complete FY 2020 and up to \$15.7 million to fund the FY 2021 budget based on the Base Case scenario. The full Board then unanimously approved the recommendations.

To reduce personnel expenses, the District suspended hiring for all positions except dispatcher positions, released all temporary employees and interns, reduced as much of the overtime as possible, and instituted a two percent salary reduction for unrepresented employees who make more than \$75,000 per year.

This FY 2021 Preliminary Budget book will have a very different look and feel and will not include all the narratives, or the department by department breakdowns. This budget book still includes a line item breakdown of expenses at the District level, which is still far more than we are legally required to produce. This will give us the flexibility to adjust more readily as we monitor our actual performance versus budget and the flexibility we will need in light of all of the uncertainty so we can allocate resources where they are most critical.

With an FY 2021 budget, and plans in place to meet the District's primary objectives, we look now to project goals for the year, which include:

- **Port Master Plan Update:** The Port Master Plan is a water and land use plan that designates specific areas of San Diego Bay for a balance of maritime, fishing, visitor-serving commercial, recreational, conservation and institutional uses. Continuing more than seven years of robust public outreach, staff will seek public and stakeholder feedback on a Revised Draft of the Port Master Plan Update, and then complete the environmental review process.

Message from the Chief Financial Officer / Treasurer

- Chula Vista Bayfront: In partnership with the City of Chula Vista and RIDA Chula Vista LLC, the District anticipates finalizing financing for the Gaylord Pacific resort hotel and convention center project, which includes public infrastructure, parks and other amenities. Next steps include obtaining building and grading permits, close of escrow, and delivery of an executed lease by RIDA to the Port. After that, construction can begin, starting with public infrastructure improvements including utilities, roadways, parks, etc. Additionally, the Costa Vista RV Resort and Sweetwater Bicycle and Promenade are anticipated to open.
- Portside Pier: The transformation of one of Southern California's iconic, flagship waterfront restaurant sites will be complete. The Brigantine Inc.'s Portside Pier - a two story restaurant development over the water on the North Embarcadero of San Diego Bay - will include four dining concepts and public access features including a second level perimeter walkway along the water's edge, public viewing deck with panoramic views, and an expanded dock and dine facility.
- San Diego Symphony: The Symphony's permanent outdoor performance and event venue in Embarcadero Marina Park South is scheduled to open in summer 2020. It will replace their temporary performance and event venue with permanent facilities on the same site. The Symphony is investing \$45 million in improvements in The Shell, formerly known as Bayside Performance Park, and public amenities, creating a new attraction on San Diego Bay.
- Seaport Village: Renovations and preparations continue for four future tenants at this waterfront retail center - Hess Brewing, Spill the Beans, Mr. Moto Pizza, and a yet-to-be named Sam the Cooking Guy concept by Grain & Grit Collective - and an expansion of the San Pasqual Wine Tasting Room. All are anticipated to be open in FY 2021. The District welcomed three new tenants in FY 2020 and continued site enhancements and operational improvements thanks to proactive marketing, placemaking and management.
- National City Balanced Plan: In partnership with the City of National City, Pasha Automotive Services, and GB Capital Holdings, as well as community stakeholders and businesses, District staff anticipates finalizing and requesting Board review and approval of the Final Environmental Impact Report (Final EIR) for the National City Balanced Plan - a water and land use plan balancing three priorities - maritime, commercial recreation and public access. Next steps would include seeking Board approval of the Final EIR and Port Master Plan Amendment, an important step toward project entitlement and future implementation.
- Clean Air: The District initiated a Climate Action Plan Study in FY 2020 that will continue into FY 2021 to align the District's post-2020 Greenhouse Gas emission reduction goals to State targets. The solar-powered microgrid at the Tenth Avenue Marine Terminal, funded by a California Energy Commission grant, will begin installation during FY 2021. Additionally, the District continues to install electric vehicle charging stations around the bay to support the regional transition toward electric vehicles. These initiatives support our Climate Action Plan.

It is appropriate to reflect on the past year as we budget for the year ahead. The below accomplishments in Fiscal Year 20 (FY 2020) represent significant milestones, and work on many of them continues in FY 2021:

- Airport Redevelopment Plan: As part of ongoing collaboration related to the San Diego International Airport's Terminal 1 redevelopment plan, the District joined the San Diego County Regional Airport Authority, the City of San Diego, and the San Diego Association of Governments (SANDAG) in a Memorandum of Understanding (MOU) that addresses transit and mobility impacts related to the project, including a potential outbound roadway if and when needed to relieve traffic along the northern San Diego Bay waterfront; a framework for obtaining FAA approval of future funding for transit to the Airport; and future collaboration among the agencies. The District also submitted feedback on the Airport's revised Environmental Impact Report for the project to ensure alignment of the terminal redevelopment with the District's future vision for Tidelands.
- Tenth Avenue Marine Terminal Modernization: The District is nearing completion of the first phase of the Tenth Avenue Marine Terminal Redevelopment Plan. Phase I involved the demolition of two transit sheds, site enhancements, rail improvements, and relocating District staff offices on the terminal. Supported by a \$10 million TIGER grant from the U.S. Department of Transportation, the project commenced in FY 2018. The first phase of the entire 20-year, market driven Redevelopment Plan supports our specialty cargo advantage by providing laydown space and flexibility for the District's cargo types.

Message from the Chief Financial Officer / Treasurer

- **Blue Economy Incubator:** The District approved two additional Blue Economy Incubator pilot projects. For the seventh project, the District will work with EConcrete, Inc. to test a new design of tide pools made from environmentally sensitive, low carbon concrete that could serve as a replacement for traditional riprap to provide ecological armoring and shoreline stabilization while also creating well-defined local ecosystems that mimic natural rock tidepools. For the eighth project, the District will work with ecoSPEARS Inc., a startup cleantech solutions company working to develop a cost-effective and eco-friendly cleanup solution to extract and destroy toxic contaminants from sediment, soil and groundwater. Additionally, the District extended its agreement with Sunken Seaweed, a local startup conducting a pilot project to demonstrate the feasibility and co-benefits of seaweed aquaculture in San Diego Bay.
- **Tijuana River Pollution:** In collaboration with our local, regional and state partners, the District continued to urge the federal government to take action to eliminate the ongoing discharge of sewage and other waste from the International Boundary and Water Commission - United States Section's facilities into the Tijuana River, which flows to the Pacific Ocean and impairs the Port's public trust resources in Imperial Beach. The District joined the State Lands Commission, the San Diego Regional Water Quality Control Board, the County of San Diego, the cities of Chula Vista, Coronado, Imperial Beach, National City, San Diego, and Surfside San Diego, in adopting a joint resolution identifying the most urgent needs that regional leaders request from the federal level to address the underlying causes of the sewage, sediment and trash that have contaminated San Diego land and waterways for decades.
- **Bridge Lighting Project:** The California Coastal Commission authorized a Coastal Development Permit for the District to temporarily install and test LED lights on select mid-span piers of the San Diego-Coronado Bridge. The Bridge Lighting Mock-up Test, to be conducted over one week during a time period designated by the Coastal Commission, will help the District and its project consultants answer questions and prepare the documents required to continue moving forward on the project. In FY 2021, the District anticipates completing the testing, which is part of project Phase 2: Feasibility Study, as well as developing agreements for project Phase 3: Design Development.
- **Business Negotiated Events (BNEs) -** The District negotiated agreements with event producers that facilitate the production of large, complex, and high-impact events to generate direct revenue and promotional benefits to the District. Big Bay Boom, Holiday Bowl Parade, Wonderspaces, Lululemon 10k marathon, and Wonderfront Music Festival resulted in substantial financial, promotional, and community impacts. As of the time of this writing, Big Bay Boom and the Wonderfront Music Festival have been canceled in the first half of FY 2021. The status for the remaining BNEs is yet to be determined for FY 2021.
- **Procurement:** For the eleventh straight year, the District received the prestigious National Procurement Institute's (NPI) Achievement of Excellence (AEP) in Procurement Award. The AEP is earned by organizations that demonstrate excellence by obtaining a high score based on standardized criteria designed to measure innovation, professionalism, productivity, e-procurement and leadership attributes of the procurement organization. The District is one of 46 agencies in California and one of only 39 special districts in the United States and Canada to be recognized with the AEP award last year.
- **Financial Reporting Award:** For the fifth consecutive year, the District received a Certificate of Achievement for Excellence in Financial Reporting from the Government Finance Officers Association for the United States and Canada (GFOA) for its June 30, 2018 Comprehensive Annual Financial Report. The award is considered to be one of the most highly regarded recognitions in the area of governmental accounting and financial reporting and represents a major achievement for the Port.
- **IT Infrastructure:** The District executed on multiple network security architecture projects, including improvements to network redundancy and segmentation, threat monitoring, and equipment refresh. The District's workforce is empowered with laptops and mobile capabilities. We have fully engaged our collaboration and productivity platform for COVID-19, quickly pivoting to secure remote work and emergency operations coordination. Public interactions have been improved through automating park reservations and permitting, as well as online reporting of infrastructure issues within the Tidelands.
- **Cruise:** The District celebrated the return of Carnival Cruise Line to San Diego, with a sold-out inaugural cruise of the Carnival Miracle. Last seen in San Diego in 2012, Carnival scheduled 13 cruises with itineraries to the Mexican Riviera, Baja, Hawaii and the Panama Canal.

Message from the Chief Financial Officer / Treasurer

For the long term, thanks to a long history of prudent financial decisions, the District is very well positioned to weather this storm - both due to our operating reserve policy and our accumulation of unrestricted resources recent years. This fact and positive outlook have been validated by Fitch Ratings, who reviewed the credit ratings for all ports in light of the COVID-19 crisis.

Despite the *Uncharted Waters* of facing a global health crisis and a global economic crisis at the same time - the District and our tenant partners have navigated rough waters before, and we'll do so again. We are positioned to continue to serve our region as a vital economic engine all the way through this crisis.

Robert DeAngelis, CFO/Treasurer

Budget in Brief

Organization

The Board establishes policy to realize the District's mission, vision, brand promise, and goals. Three positions reporting directly to the Board are responsible for execution of policy directives: the President/Chief Executive Officer (President/CEO), General Counsel, and Port Auditor. A Personnel Advisory Board also reports directly to the Board.

HARBOR POLICE

Led by the Vice President of Public Safety/Chief of Harbor Police, the Harbor Police Department is responsible for initiatives and programs that provide safety, protection, and law enforcement. The Department also provides police and fire protection to San Diego Bay, as well as police services to San Diego International Airport. Under direction of the Chief of Harbor Police, homeland security, facility security, and law enforcement combine to protect and serve those who work, play, and visit the Port of San Diego.

MARKETING

Led by the Vice President of Marketing and Communications, this Division raises awareness of the District, its business lines, activities, and regional value through accurate and transparent communications while building and maintaining partnerships with external stakeholders and other government agencies. This Division also issues over 1,100 permits annually, safeguarding and promoting public access to 22 District parks and facilities, establishing strategic event partnerships to provide additional revenue sources for the District, and programming a wide variety of community events to create a vibrant waterfront experience for residents and visitors to the region.

Departments in the Marketing Division include:

- Marketing & Communications
- Waterfront Arts & Activation

ADMINISTRATION

Led by the Chief Administrative Officer/Vice President, this Division manages, directs, and integrates the functions, programs, and activities of District-wide Human Resources, People & Organizational Development, Office of the District Clerk, Information Technology, and the Project Management Office. The Chief Administrative Officer/Vice President is the District's lead negotiator for labor negotiations and provides strategic leadership in the delivery of centralized corporate, administrative, technology implementation, and support services.

Departments in the Administration Division include:

- Human Resources
- Information Technology
- Office of the District Clerk
- People & Organizational Development
- Project Management Office

OPERATIONS

Led by the Vice President of Real Estate, Engineering, and Facilities, this Division's responsibilities include: commercial leasing and management of over 600 tenancies, the progress of over \$3.5 billion of projects in the pipeline, development and management of parking assets, design and construction engineering, capital improvement and major maintenance programs, facilities maintenance and services for several roadways, 22 parks, and several administrative buildings. The growth of revenue, both through core lines of business and new revenue streams, is a key responsibility for the Operations Division.

Organization

Departments and teams in the Operations Division include:

- Engineering - Construction
- General Services
- Real Estate
- Port as a Service - Parking

FINANCIAL SERVICES

Led by the Chief Financial Officer/Treasurer Vice President, this Division oversees the District's Financial Services and Procurement Services. The CFO/Treasurer provides professional assistance and support to the President/CEO on the District's financial planning, accounting, investing, and procurement services. Financial Services includes financial planning and reporting, budgeting, treasury services, risk management, accounting, and payroll services.

Departments in the Financial Services Division include:

- Financial Services
- Procurement Services

MARITIME

Led by the Vice President of Maritime, this Division is responsible for the import and export business of automobiles, produce, and bulk maritime cargo at two cargo terminals, and an international cruise business at two cruise terminals. The District is the primary port of entry for Honda, Fiat, Audi, and Volkswagen among others. Pasha Automotive Services at the National City Marine Terminal also receives finished vehicles by rail and trucking including Toyota Trucks from Mexico.

PLANNING, ENVIRONMENT AND GOVERNMENT RELATIONS

Led by the Vice President of Planning, Environment and Governmental Relations, this Division is responsible for the District's land use planning functions, including the creation of a Port Master Plan, issuance and application for permits for the 34 miles of waterfront around San Diego Bay; development and regulatory enforcement of air, land, and water quality improvement, protection, and conservation; development of an incubator business line focused on aquaculture and bluetech investments; compliance oversight of California Environmental Quality Act (CEQA) and California Coastal Act practices within the District's jurisdiction; communications and relationships with federal, state, and local elective and administrative bodies.

Departments in the Planning, Environmental Services Protection, Conservation, and Government Relations Division include:

- Aquaculture & Blue Technology (team)
- Development Services
- Energy (team)
- Environmental Conservation
- Environmental Protection
- Government & Civic Relations
- Planning

DISTRICT ORGANIZATION CHART

Budget Timetable

The budget development process is integrated closely with strategic and project planning, where the entire management team conducts the review and the individual departments are given the control and accountability.

The Financial Analyst Team works with the Strategic Planning Team, all department Directors and the Executive Leadership Group to ensure that budget proposals support the District's Strategic Plan and that appropriate funding is available.

As a direct consequence of COVID-19, the hospitality and tourism industries and maritime trade economic activity that generate the revenues necessary for the District's mission-critical work have been significantly and negatively impacted. At the March 10, 2020 Board meeting, a 2020 Budget Impact Ad Hoc Committee (Ad Hoc) was created to proactively address the financial impacts of the COVID-19 pandemic. Since the Ad Hoc was established, it has met on three occasions. The first meeting was held on March 20, 2020, and the focus of the discussion was the COVID-19 related impacts to FY 2020. The second meeting was held on April 3, 2020, and the focus of the discussion was on budget scenario planning for FY 2021. The third meeting was held on April 7, 2020, and the focus of the discussion was on the rent deferral program and the reintegration and reopening of the admin building. Staff has developed and worked with the Ad Hoc on three detailed scenarios for FY2021, entitled Worse Case, Base Case, and Better Case. Each case is based on carefully developed revenue projections that differ in the time it will take a variety of impacted business sectors to recover. Once the revenue projections were formulated, staff worked to address expense reductions to match the worse, base, and better revenue projections and identified in general what work will be impacted, and what work can be accomplished for each case.

Special budget meeting. Due to the negative impacts on the District's budget caused by the unforeseen COVID-19 pandemic, a special Board meeting was held on April 8, 2020. Staff presented the three scenarios and received direction from the Board to use the Base Case scenario. The direction given at the April 8, 2020 special meeting assisted staff in creating the preliminary budget.

Preliminary budget adoption starts the public comment period. Adoption of the preliminary budget occurs at the May Board meeting. Under the provisions of the Port Act, the preliminary budget must be adopted by June 15th each year which begins the public comment period. Not less than 30 days later, the Board considers the final budget for adoption.

Final budget adoption follows the public comment period. At its first meeting following the comment period, but no later than August 1st, the Board adopts the final budget, along with amendments to the Salary Ordinance for personnel changes included in the final budget. Ideally, this happens in June, prior to the start of the new fiscal year.

Once the budget is adopted, it is input into the *SAP Funds Management Accounting System (SAP-FM)* and the funds availability control, which tracks expenses against the budget, is activated.

An appropriating ordinance may be required. If no final budget is adopted by July 1st, a special ordinance is required to appropriate funds for continuing operations.

The budget is based on estimates made by departments prior to the end of the current fiscal year, and 16 to 17 months prior to the end of the budget year. Many events could occur after adoption that would make the actual results significantly different from the budget estimates.

Once adopted, the budget is not fixed. The budget can be amended at any time during the fiscal year by Board ordinance. Staff monitors budget results and programs throughout the fiscal year. Changes in plans, fluctuations in estimates, new programs for which no estimate was available, and other unexpected events may require a budget amendment.

Board of Port Commissioners (BPC) Policy No. 090 shall govern transfers between appropriated budget items.

Revenue Highlights

Total operating and non-operating revenues for the District are budgeted at \$165.7M, a decrease of \$48.9M, or 22.8%, from the prior fiscal year.

Trends affecting revenue are described below by profit center.

Revenue by Profit Center

In previous years the budget has generally been developed on the belief that the national and local economy will continue to grow at a moderate pace. Revenues were projected by benchmarking major tenants, conducting tenant interviews, and using industry analysis to predict trends in revenue. Assumptions concerning prospective revenues from new and renegotiated leases were included. Revenues for leases scheduled to terminate are reduced by the probability that they will not be renewed. For leases with an option to expand facilities, revenues are reduced by the probability that the option will not be exercised.

Since concession revenue varies with economic conditions, the Real Estate revenue team performed a detailed analysis using recent data from multiple sources, published hotel industry forecasts, cruise ship activity projections, and convention bookings for 2020 and 2021. Actual year-to-date revenue, published hotel industry forecasts, cruise ship activity projections, and convention bookings were all reviewed and considered in developing the FY 2021 forecast.

Now, as this budget is prepared in Spring 2020, and as a direct consequence of the COVID-19 pandemic, the hospitality and tourism industries and maritime trade economic activity that generate the revenues necessary for the District's mission-critical work, have been significantly and negatively impacted. The decreased revenue projections are based in part on industry information, information provided by our tenants and partners, and the number of current District tenants that have temporarily closed.

Real Estate

Real Estate is budgeted at \$88.0M, a decrease of \$28.3M, or 24.3%. Differences from the FY 2020 revenue budget are projected in the following areas:

- **Concession Revenue** is budgeted at \$64.0M, a decrease of \$26.1M, or 29.0%. This decrease is mainly attributable to revenue projection reductions due to the anticipated adverse effects on the hotel and tourism industries as a result of the COVID-19 pandemic. Hotel percentage rent is close to three-fourths of all concession rent, followed by retail centers, marinas, and restaurants.
- **Parking** is budgeted at \$1.4M, a decrease of \$539k, or 27.6%. Parking revenue in the Real Estate department is limited to the Seaport Village retail center, and this decrease is primarily due to the anticipated adverse effects on the tourism industry, of which Seaport Village relies heavily, as a result of the COVID-19 pandemic.
- **Seaport Village Common Area Maintenance** is budgeted at \$1.4M, a decrease of \$1.6M, or 53.6%, primarily due to an expected reduction in common area expense reimbursements, which is partially related to tenant vacancies as the budgeted reimbursement rate is based on full occupancy, with no revenue received for vacant spaces.
- **Seaport Village Marketing Fee** is budgeted at \$375k, a decrease of \$358k, or 48.8%, primarily due to an expected reduction in marketing expense reimbursements, which is partially related to tenant vacancies as the budgeted reimbursement rate is based on full occupancy, with no revenue received for vacant spaces.
- **Fixed Rent** is budgeted at \$20.1M, an increase of \$407k, or 2.1%, primarily due to an increase in car rental lease revenue.

Revenue Highlights

Port as a Service – Parking

Port as a Service - Parking is budgeted at \$11.6M, a decrease of \$4.6M, or 28.4%. Differences from the FY 2020 revenue budget are projected in the following areas:

- **Parking** is budgeted at \$7.4M, a decrease of \$2.8M, or 27.8%, mainly due to the anticipated adverse effects on visitation to Convention Center and Bayfront events as a result of the COVID-19 pandemic.
- **Parking Meters** is budgeted at \$2.6M, a decrease of \$1.1M, or 30.0%, mainly due to an anticipated reduction in demand at Tidelands parking meters as a result of the COVID-19 pandemic.
- **Parking-Concession** is budgeted at \$782k, a decrease of \$444k, or 36.2%, primarily due to anticipated decline in demand for long-term airport parking as a result of the COVID-19 pandemic.

Maritime

Maritime is budgeted at \$33.8M, a decrease of \$6.4M, or 15.9%. Differences from the FY 2020 revenue budget are projected in the following areas:

- **Wharfage** is budgeted at \$8.5M, a decrease of \$3.3M, or 27.6%, primarily due to a lower projection in automobile units. The global COVID-19 pandemic has led to automobile manufacturing plant closures in Asia and Europe in the first quarter of 2020, as well as local dealership closures and lower market demand.
- **Storage Space Rental** is budgeted at \$1.5M, a decrease of \$989k, or 40.5%, primarily due to a lower projection in automobile storage at the National City Marine Terminal as a result of anticipated decline in automobile import.
- **Concession Revenue** is budgeted at \$1.8M, a decrease of \$612k, or 25.9%, due to lower projections in concession sales from harbor excursions and the marina in National City. These reductions, caused by the COVID-19 pandemic, are currently projected to slowly recover.
- **Dockage** is budgeted at \$1.8M, a decrease of \$552k, or 23.9%, due to lower projections in cruise and automobile vessels.
- **Cruise Ship Passenger Fees** is budgeted at \$1.9M, a decrease of \$443k, or 19.0%, due to lower projections in cruise vessel calls and cruise passengers as a result of the COVID-19 pandemic. Cruise activities are projected to recover in the second quarter of FY 2021.
- **Fixed Rent** is budgeted at \$16.1M, a decrease of \$439k, or 2.7%, due to an anticipated new lease at the National Distribution Center, budgeted in FY 2020, that did not materialize; as a result, reduced the FY 2021 budget accordingly.

Revenue Highlights

Harbor Police

Harbor Police is budgeted at \$18.4M, an increase of \$627k, or 3.5%. The increase is primarily due to a reimbursement of expenses for lease space rental from the Department of Justice in relation to "Organized Crime Drug Enforcement Task Force."

The Harbor Police Department, in addition to serving the District tidelands, is the primary law enforcement agency at the San Diego County Regional Airport Authority (SDCRAA). The cost reimbursement for the police services provided to the SDCRAA is \$16.3M while the General and Administrative cost (G&A) reimbursement reported under the Miscellaneous profit center below is \$2.6M, bringing the total reimbursement to \$18.9M, same as prior year budget. The FY 2021 Public Services Provided revenue budget includes labor and burden based on actual individual officer's rate per pay period and department overhead.

Additionally, federal, state, and local grant reimbursements are budgeted at \$1.1M, a decrease of \$58k, or 5.0%, mainly due to the Department of Homeland Security funding for Operation Stone Garden, partially offset by a slight increase in the emergency management program.

Miscellaneous

Projected other changes in revenue will occur primarily in the following areas:

- **Grants – Capital Projects Reimbursement** is budgeted at \$6.0M, a decrease of \$9.0M, or 59.9%. The decrease is primarily due to the completion of two grant-funded projects in FY 2020 - demolition and site improvement at Tenth Avenue Marine Terminal (TAMT) and the Chula Vista bike path. FY 2021 reimbursement consists primarily of a grant for the TAMT Microgrid Infrastructure project from the California Energy Commission to demonstrate the business case for microgrids in support of California's advancement of energy resiliency and greenhouse gas reduction program.
- **Interest - Investments** is budgeted at \$800k, a decrease of \$900k, or 52.9%. Investment earnings are expected to be lower than prior year budget due to the anticipated adverse impact in interest rates and capital markets from the COVID-19 pandemic.
- **Partnership/Cost Sharing Reimbursement** is budgeted at \$484k, a decrease of \$220k, or 31.2% mainly due to the schedule of cost sharing in the Regional Harbor Monitoring Program. The program provides \$1.0M every five years, which was received in FY 2019.
- **Public Services Provided**, which represents reimbursements for G&A costs associated with the SDCRAA agreement for Harbor Police services, is budgeted at \$2.6M, same as prior year budget.
- **Donated Revenue**, is budgeted at \$420k, a decrease of \$420k, or 50.0%. The decrease is primarily due to pausing work related to the Coronado Bridge Lighting project for FY 2021. This revenue primarily represents commercial and private donations, as well as tenant percent for art donations. The Tenant Percent for Art Program was established in BPC Policy No. 608 and requires tenants undertaking improvements to their leaseholds to provide a tenant percent for art allocation no less than 1% of the tenant improvement's total project cost. The revenue generated here primarily funds art projects, the largest of which is the Coronado Bridge Lighting Project.
- **Car Rental Transaction Fee** is budgeted at \$3.0M, same as prior year budget, due to the implementation of the fee at the end of FY 2018. This fee, while being recognized as revenue, represents funds that will be set aside for the purpose of constructing a parking structure that will be part of the Chula Vista Bayfront project.

Staffing Overview

The District personnel expenses consist of limited along with regular employees. The District continues to manage the increasing demands for resources along with executing the strategic goals presented herein by relying more on the flexibility of having variable staff. Services of limited may be reduced at any time as the nature of the services are limited in duration. For instance, by Personnel Rule 14, in the event of an economic downturn in finances, reductions would first occur in this variable subset of staffing that is budgeted in the Variable Staffing cost center. The variable personnel expense will still be included as part of the Total Personnel Expense Appropriation, consistent with prior year's budget.

The following cost-saving measures are being implemented:

- Released all Interns and Temporary Staff
- Stopped hiring for all vacant positions except Dispatcher positions and reduced overtime
- 2% pay-cut for all Unrepresented employees with annual salaries greater than \$75k
- Unfunded 28 vacant regular positions of the 585 budgeted

As we continue to monitor finances throughout the year, some additional strategies and measures may be implemented as needed.

PAGE LEFT INTENTIONALLY BLANK

Expense Highlights

Total operating and non-operating expenses for the District are budgeted at \$157.1M, a decrease of \$18.1M, or 10.3%, from the prior fiscal year. As a direct consequence of the COVID-19 pandemic, the hospitality and maritime trade economic activity that generates the revenues necessary for our mission-critical work has dropped into dramatic decline. Unlike many public agencies, the District receives no tax funds to help stabilize revenues in the midst of this crisis. Once the revenue projections were calculated, staff turned to expenses to try to match as closely as possible the revenue projections in a managed approach to budgeting for expenses.

The expenses continue to include mission-critical and strategic projects which fulfill the District's mission and trust obligations. Significant budget-to-budget variances are projected in the following areas due to reductions of FY 2021 budgets to primarily focus on the cost of minimum work and regulatory requirements required to remain in compliance, and to advance our top priority projects during the COVID-19 pandemic:

Personnel Expense

Fiscal Year 2021 Personnel Expense is budgeted at \$101.7M, a \$1.7M decrease or 1.6% from the previous year's adjusted budget. The following cost-saving measures are being implemented: Released all interns and temporary staff, stopped all hiring for vacant positions except dispatcher positions, reduced overtime, a 2% pay-cut for all unrepresented employees with annual salaries of \$75k and above, and unfunded 28 vacant regular positions of the 585 budgeted.

Budgeted Personnel Expense consists of Salaries & Wages, Overtime, and Burden.

- **Salaries & Wages** (not including Overtime) is budgeted at \$57.6M, a decrease of \$2.2M, or 3.7%.
- **Burden** is budgeted at \$41.3M, an increase of \$1.4M, or 3.4% from the prior fiscal year. This includes District-responsible payroll taxes and employee health benefits, as well as \$19.7M Actuarial Determined Contribution to the District's pension plan.

Non-Personnel Expense

Overall, Non-Personnel Expense (NPE) is budgeted at \$57.8M, a decrease of \$18.0M, or 23.8%, from the prior fiscal year. Significant budget-to-budget variances for certain NPE accounts are due to reductions in FY 2021 budgets to primarily focus on the cost of minimum work and regulatory requirements required to remain in compliance, and to advance our top priority projects during the COVID-19 pandemic:

- **Services - Professional & Other** is budgeted at \$6.8M, a decrease of \$4.7M, or 41.1%.
- **Services - Security** is budgeted at \$2.0M, a decrease of \$225k, or 10.0%.
- **Space Rental** is budgeted at \$1.1M, an increase of \$216k, or 25.8%.
- **Common Area Maintenance** is budgeted at \$2.0M, a decrease of \$1.2M, or 37.2%.
- **Major Maintenance Expense** is budgeted at \$510k, a decrease of \$140k, or 21.5%.
- **Tenant Improvements** are budgeted at \$575k, a decrease of \$1.0M, or 62.6%.
- **Joint Programs/Studies Assistance** is budgeted at \$673k, a decrease of \$600k, or 47.1%.

Capitalized Labor

Capitalized labor is budgeted at \$2.4M, a decrease of \$1.6M, or 41.1%, from the prior fiscal year. Capitalized labor is internal labor costs (personnel and overhead) that are directly incurred in the development and construction of approved capital projects.

Expense Highlights

Generally Accepted Accounting Principles (GAAP) requires capitalization of these costs and since these costs are already included in the Salaries & Wages and the associated NPE for overhead, capital labor is considered a reduction in expense when capitalized. Capitalized labor for FY 2021 is included in the CIP, MM, Other Capital Projects, and TMP project budgets.

Debt Management Highlights

Promissory Note to the SDCRAA. As part of the January 2003 transfer of the airport, the District issued a \$50.0M promissory note to SDCRAA. In accordance with the May 20, 2004 settlement agreement, the note is being amortized over 25 years beginning in January 2006 at a fixed interest rate of 5.5% per annum.

Revenue Bonds. The District issued revenue bonds on October 28, 2004. The debt issuance consisted of \$23.0M Series A and \$26.5M Series B bonds for a total of \$49.5M. The 2004 series A bonds were fully paid in August 2019. The bonds were issued to reimburse the District for previously incurred expenditures on Capital Improvement Program (CIP) projects approved by the Board of Port Commissioners.

On November 20, 2013, the District refunded its \$26.5M Series B 2004 Bonds which resulted in the issuance of \$25.5M Series A 2013 Revenue Bonds for a term of 16 years with interest rates ranging from 2.0% to 5.0% with maturity dates ranging from September 1, 2014 to September 1, 2029.

Civic San Diego (formerly, Center City Development Corporation). In April 2007, the City of San Diego and the Redevelopment Agency of the City of San Diego, acting through Civic San Diego, executed a Joint Exercise of Power Agreement (JPA) to design and implement the NEVP Phase I project.

The first amendment to the JPA was executed on February 28, 2011. Project costs for the first phase are shared equally between the District and Civic San Diego at \$14.3M each. Project costs have subsequently increased to \$15.6M. The District commenced repaying Civic San Diego \$850k annually on July 1, 2013 at a fixed interest rate of 4.77% per annum. After applying certain credits for previous work on Broadway Pier, principal payments, and offsets for future maintenance and security credits of \$7.9M, the loan balance as of June 30, 2019 is \$1.4M. The Civic San Diego loan will be fully paid in FY 2021.

Debt Service Payments FY 2021. Payments are estimated at \$7.5M (see table below).

Debt Limits. According to section 28 of the Port Act, the District may not incur general obligation bonded debt that exceeds 15.0% of the assessed value of its real and personal property. There are also statutory debt limits that further constrain the District borrowing. At this time, the District does not have any general obligation bonds outstanding. The District has never failed to pay its principal and interest payments when due.

Seaport Village Highlights

Seaport Village is a tourist-oriented specialty retail shopping center consisting of approximately 90,000 square feet of specialty retailers, restaurants, outdoor entertainment, and parking on an approximately 14-acre Bayfront site located at 849 West Harbor Drive in San Diego, California. Seaport Village was managed and operated by Terramar Retail Centers, LLC (Terramar) on behalf of Seaport Village Operating Company, LLC under a long-term ground lease which expired on September 30, 2018. The District assumed ownership of the Seaport Village assets on October 1, 2018, which consist of 32 buildings and one over-water structure. The property has 57 tenants and is currently managed and operated by a property management company on the District's behalf.

For FY 2021, the District is budgeting approximately \$7.3M in revenue for Seaport Village, which consists of four categories: base rent generated from tenant leases (fixed and concession revenue), common area maintenance (CAM) fee recovery income, marketing fee recovery income, and parking revenue. The District is budgeting approximately \$2.8M in operating expenses for Seaport Village, based on the following three categories: projected leasing commissions to the District's commercial broker for leasing vacant spaces; management's operating budget for the day-to-day management, operation, and maintenance of Seaport Village; and marketing expenditures to spread the word about this unique waterfront venue. The District is also budgeting \$3.3M in investment spending for tenant improvements and activation and site enhancements. By investing in these expenditures, the District will be taking a proactive approach in order to ensure that Seaport Village operates efficiently and continues to serve as a vibrant and prosperous waterfront destination for residents, visitors and the businesses that operate it until the redevelopment of the Central Embarcadero commences.

SUMMARY OF SEAPORT VILLAGE REVENUE AND EXPENDITURES		BUDGET FY 2021
Revenue Sources: ⁽¹⁾		
Fixed Rent		\$ 28,000
Concession Revenue		4,092,600
Common Area Maintenance		1,392,800
Marketing Fee		374,600
Parking Revenue		1,411,700
Total Revenue Sources		\$ 7,299,700
Operating Expenses: ⁽²⁾		
Broker Services		\$ 200,000
Common Area Maintenance ⁽³⁾		2,000,300
Marketing Fee		580,400
Total Operating Expenses		\$ 2,780,700
Operating Income		\$ 4,519,000
Investment Spending:		
Tenant Improvements ⁽⁴⁾		\$ 2,764,000
Activation and Site Enhancements ⁽²⁾		575,000
Total Investment Spending		\$ 3,339,000
Total Income After Investment Spending		\$ 1,180,000

Notes:

- (1) Revenue sources for Seaport Village are budgeted in the Real Estate profit center (see Section 3, Page 6)
- (2) Operating expenses and Activation and Site Enhancements are budgeted in Real Estate
- (3) Management's operating budget is included in Common Area Maintenance expense
- (4) Tenant Improvements are budgeted in Equipment Outlay and Other Capital Projects (see Section 3, Page 25)

Public Art Fund Highlights

In 1982, the Public Art Fund was established in BPC Policy No. 609: Public Art Programs, for the purpose of accumulating funds for the inclusion of public artworks within the tidelands of the District's five member cities to help create a vibrant waterfront destination. Since then, most of the 70 permanent public artworks now in the District's "Tidelands Collection," plus numerous temporary artwork exhibitions, have been funded from the Public Art Fund. Though originally funded by an annual budget set-aside equivalent to a fraction of one-percent of the District's projected annual gross revenues, plus accrued interest, the Public Art Fund has since become, as well, a depository for funds received from other sources, such as: tenant percent for art in-lieu of contributions; aggregated percent for art contributions from Capital Improvement Program projects; art-related grants, donations or bequests from outside sources; and any future income that may accrue from the potential sale, loan or licensing of artworks. Monies in the Public Art Fund are reserved for expenditures for special art acquisitions or exhibitions of exceptional merit, quality, and significance for the tidelands and the greater San Diego region.

The District's vision for the waterfront includes investing in the community through creative placemaking with innovative artworks, cultural programming, and activation opportunities that enhance the visual excitement and cultural richness of District tidelands. Waterfront Arts & Activation staff provides leadership, advocacy, and support for arts and culture programming that contributes to the creative economy and economic vitality of the region. The 13-member Arts, Culture & Design Committee serves as an advisory panel to staff and the Board of Port Commissioners and supports the development of arts and cultural programs within the District's jurisdiction.

Coronado Bridge Lighting Project

In FY 2021, the District will continue progressing through Phase 2 of the bridge lighting project, which commenced during the third quarter of FY 2018 and is projected to continue through mid-FY 2023. During Phase 2, the design team consisting of the artist, architectural lighting specialists, and consulting engineers, will continue developing and updating the bridge lighting concept design and documenting its full project description in a project report. Concurrently during FY 2021, work will advance on the project's Phase 3 design development with a goal of achieving 60% design submittal within the fiscal year.

The Phase 2 project report will be subject to engineering review and approval by the California Department of Transportation (Caltrans) and will serve as the basis for environmental studies and reviews, including preparation and certification of the environmental document in accordance with the California Environmental Quality Act (CEQA). The goal of the project is to illuminate the San Diego-Coronado Bridge with an artistic and dynamic colored light-emitting diode (LED) lighting installation that is computer programmable and powered by sustainable energy sources. The project is being funded through charitable donations from businesses and the public, plus in-lieu percent-for-art contributions from District tenants.

Public Art Fund Highlights

SUMMARY OF PUBLIC ART FUND

	ACTUAL RESULTS FY 2019	ADJUSTED BUDGET FY 2020	BUDGET FY 2021
Beginning Balance	\$ 1,073,715	\$ 920,800	\$ 837,300
<u>Income Sources</u>

Ending Balance	\$ 920,813	\$ 837,300	\$ 843,600

Notes:

- ⁽¹⁾ Monies placed in the Fund shall be accounted for separately from other District funds and any earnings thereon shall accrue to the Fund
- ⁽²⁾ Donation includes donations from fundraising efforts towards the Coronado Bridge Lighting project as well as a Tenant percent for art in-lieu of contributions
- ⁽³⁾ Public Art expenses are primarily for the Coronado Bridge Lighting project, and funds will not be expended if donations are not received
- ⁽⁴⁾ FY 2020 Budget is for art works

Environmental Fund Highlights

In 2006, the Environmental Fund was established by BPC Policy 730: the Port Environmental Advisory Committee Policy, for the purpose of reviewing and providing input and recommendations on District environmental programs and initiatives, and commenting on funding projects aimed at improving the condition of the Bay and surrounding District tidelands. In approving the policy, the Board of Port Commissioners created both the Environmental Advisory Committee (Committee) and the Environmental Fund (Fund). The key component of the Committee and Fund is to support projects that ensure the District's compliance with environmental laws and regulations, as well as, advising the Board on actions that can be taken for the protection and improvement of the environmental conditions of the Bay and surrounding tidelands. Additionally, the Committee and Fund meet the District's goal of "A Port with a healthy and sustainable bay and its environment." To date, the Fund has supported more than 82 projects worth over \$15 million with the projects bringing in over \$11 million in matching funds. The Fund specifically supports projects that address air, water and sediment quality; sustainability and climate action planning; natural resources and endangered species management; habitat creation, restoration or protection; reclaiming natural shoreline conditions; environmental education; research and monitoring; and/or other issues in the Bay and/or the tidelands. The 18 member Committee is an advisory committee to staff and the Board and consists of stakeholder representatives from environmental advocacy groups, the US Navy, regulatory agencies, resource agencies, member cities, academia, local business, and labor.

The Environmental Fund is funded in accordance with BPC Policy No. 730, which sets aside one-half of one percent (1/2 of 1%) of the District's projected gross revenues for that year. The gross revenue shall not include anticipated grants from any source or any other restricted revenue source.

⁽¹⁾ According to BPC Policy No. 730, for the purpose of the Environmental Fund gross revenue calculation, gross revenue shall be based upon projected revenues and shall not include anticipated grants from any source or any other restricted revenue source

⁽²⁾ FY 2021 Total Set-Aside will not be funded due to the negative financial impact of the COVID-19 pandemic.

⁽³⁾ Monies placed in the Fund shall be accounted for separately from other District funds and any earnings thereon shall accrue to the Fund

Maritime Industrial Impact Fund Highlights

In July 2010, the Board established a Marine Terminal Impact Fund. The purpose of the fund is to invest in projects that will help offset the negative marine industrial impacts on neighboring communities.

The Board established an initial set-aside of \$500k with additional funds to be set aside annually starting in FY 2011. The annual set-aside is calculated at one-half of one percent (1/2 of 1%) of the actual gross revenues earned from the Tenth Avenue Marine Terminal (TAMT) and the National City Marine Terminal (NCMT).

In March 2015, BPC Policy No. 773 was adopted, and the Marine Terminal Impact Fund was renamed the Maritime Industrial Impact Fund (MIIF). In June 2015, BPC Policy No. 773 was revised to change the way the annual set-aside is calculated. The annual set-aside is now calculated at one-half of one percent (1/2 of 1%) of the actual gross revenues earned from TAMT and NCMT as well as revenues from maritime industrial tenants located between the two terminals. The actual amount of the funding will be posted after the end of each fiscal year when the gross revenues from each terminal are known.

DESCRIPTION OF EXPENDITURES	BUDGET FY 2021
CLEAN AIR ACTION PLAN	\$ 165,000
NATIONAL CITY BAYSHORE BIKEWAY	700,000
TOTAL EXPENDITURES	\$ 865,000

Maritime Industrial Impact Fund Highlights

Total Expenditures	\$ —	\$ 890,000	\$ 865,000
Ending Balance	\$ 1,882,122	\$ 1,149,900	\$ 284,900

Notes:

⁽¹⁾ According to BPC Policy No. 773 for the purpose of the MIIF Set-Aside calculation, revenues are gross revenues from TAMT, NCMT and maritime industrial tenants between the two terminals.

⁽²⁾ FY 2021 Total Set-aside will not be funded due to the negative impact of the COVID-19 pandemic.

⁽³⁾ FY 2018 Set-aside true-up of actual revenues from TAMT, NCMT, and maritime industrial tenants were recorded in FY 2019.

⁽⁴⁾ FY 2020 project costs included Air Filters Installation at Perkins Elementary School, Sustainable Freight Demonstration, and Working Waterfront Noise Study (estimated to be completed in June 2020). Clean Air Action Plan and National City Bayshore Bikeway projects are re-budgeted in FY 2021 (see previous page).

Capital Improvement Program Highlights

The Five-Year Capital Improvement Program (CIP) FY 2019-2023 has been previously approved and adopted by the Board in accordance with BPC Policy 120 upon approval of the FY 2021 budget. The projects are funded from the CIP reserve (pre-approved/designated funding), unrestricted sources over uses of funds, and other sources such as grants and contributions for specific projects.

FY 2019-2023 approved CIP projects underway are shown below. The amounts shown totaling \$14.7M represent the estimated remaining program budget including capitalized labor. Actual remaining project funds will be revised when the end of year expenditures are realized. An estimated \$9.1M will be spent in FY 2021 to execute these projects. For a complete list of FY 2019-2023 CIP projects underway and completed refer to the latest CIP Quarterly Report.

PROJECT NAME	PLANNED FY 2021 EXPENDITURES	REMAINING FY 2019-2023 CIP BUDGET
Microgrid Infrastructure at TAMT ⁽¹⁾	\$ 4,100,000	\$ 4,100,000

Major Maintenance Program Highlights

The following list of Major Maintenance projects for FY 2021 will be implemented in accordance with BPC Policy No. 130. This list represents a 3-year outlook of projects that were initially generated through the Asset Management Program (AMP) which uses a scientifically based methodology to determine repairs or replacements of high risk assets before they fail. The Major Maintenance Program is part of the District's strategic initiative, and many of the projects span multiple years. The next two years are forecasted values for information only and subject to change prior to the next fiscal year's budget. The amount budgeted for FY 2021 is an estimate of the anticipated work to be completed, but may continue to subsequent fiscal years.

The budget year is being impacted by the ongoing COVID-19 pandemic. This will have an impact on the program in two ways. During FY 2020, the Board supported a recommendation to reduce funding and defer a few existing projects which had a \$1.2M impact on project execution (see note 2 accompanying the table below). For FY 2021, the recommended budget is reduced \$4.7M below the prior FY 2020 forecast. These reductions do not eliminate the need to address maintenance and these projects will be included in a future FY budget.

PROJECT NAME	TOTAL PROJECT BUDGET ⁽¹⁾	BUDGET FY 2021	FORECAST FY 2022	FORECAST FY 2023

Notes:

- (1) Total Project Budget may include prior year actual expenses incurred or forecasted expenditures beyond FY 2023.
- (2) FY 2020 Budget's project funding was reduced by a total of \$1.2M. These funds will be included in a future budget when possible. The amount reduced by project is shown below:
- (a) Dock 2 Replacement and Dock 3 Repair at Tuna Harbor \$100k
 - (b) Pavement Improvements at Shelter Island Parking Lots \$900k
 - (c) Deferred Maintenance - Seaport Village \$100k
 - (d) Doors & Windows Replacement at National City Rail Car Plaza \$20k
 - (e) Pedestrian Safety Improvements at Shelter Island Drive & Anchorage Way \$30k
 - (f) Sand Replenishment at Kellogg Beach \$50k

Technology Management Program

The Technology Management Program is a strategic, operationally responsive, and fiscally responsible approach to manage District technologies. It allows the District to standardize systems and leverage cost saving opportunities through economies of scale. Additionally, it facilitates coordinated implementation schedules of planned technology refresh strategies that will keep the District up-to-date. It uses a cost-benefit analysis method and governance model to make technology investment decisions, ensuring the highest likelihood of a return on investment.

DESCRIPTION	BUDGET FY 2021
Services - Professional & Other	\$ 1,060,800
Equipment & Systems	1,694,200
Telephone & Communications	855,100
Equipment Maintenance - Outside Services	699,600
Software Maintenance	790,800
NON-PERSONNEL EXPENSE	\$ 5,100,500
PSGP FY19 Thermal Find & Follow ⁽¹⁾	\$ 400,000
UASI Mesh Data Communications ⁽²⁾	364,000
PSGP FY18 HPD Maritime Domain Awareness II, CommandBridge ⁽¹⁾	250,000
Cisco UCS Upgrade	205,000
PSGP FY17 Multi Factor Authentication ⁽¹⁾	192,000
Document Management System Replacement	150,000
GASB87 Compliance	150,000
PSGP FY17 Emergency Operations Center (PUC & EOC) ⁽¹⁾	138,000
PSGP FY17 Cyber Threat Intelligence ⁽¹⁾	100,000
Cisco Data Center 5k Switch Upgrade	50,000
HPD HQ Data Center HVAC Replacement	30,000
UPS HVAC Installation Admin 4	20,000
Physical Data Center Improvements	20,000
Capitalized Labor	300,000
TECHNOLOGY CAPITAL PROJECTS	\$ 2,369,000
TOTAL TECHNOLOGY MANAGEMENT PROGRAM	\$ 7,469,500

Sponsorships & Grants

Waterfront Arts & Activation

Waterfront Arts & Activation (WA&A) is expected to generate \$984k in gross revenue from fees collected on the use of District parks and facilities for special events for which the department issues permits.

Approximately \$535k of this amount is waived for sponsored events through the Tidelands Activation Program (TAP), resulting in a budgeted \$449k in net direct revenue generated by WA&A. This amount does not include the indirect revenue accruing to the District as a result of special events that WA&A permits, which includes concession-rent revenue from hotels, restaurants, retail facilities, and parking in tenant- or operator-managed facilities generated by special event attendees.

In Real Estate, Park Usage Fees for special event permits are budgeted at \$569k in gross revenue, of which \$385k is expected to be waived through sponsorships, resulting in net revenue of \$184k.

In Maritime, special event permit fees for Broadway and B Street Piers are budgeted at \$336k, of which \$71k is expected to be waived through TAP-sponsored events, resulting in net revenue of \$265k.

In Port as a Service-Parking, Parking Fees in District-managed areas, in conjunction with special events permits, are budgeted to generate \$79k in revenue, of which \$79k will be waived through TAP-sponsored events.

Sponsorships from the Tidelands Activation Program

Each year, under the Tidelands Activation Program (TAP), the District sponsors Community and Signature events that support the District's mission of providing community benefit and economic vitality through maritime, tourism, water and land recreation, environmental stewardship, and public safety. These events drive visitors to the waterfront and provide an opportunity for the District to educate the public on its purpose and mission.

The TAP is approved on an annual basis by the Board of Port Commissioners. This activation program includes direct funding and/or waiver of District service fees for park permitting, facility rentals, and parking. For FY 2021, the Waterfront Arts & Activation department plans to provide up to \$535k in waived District service fees to event organizers and suspend direct sponsorship funding due to the COVID-19 pandemic.

Revenue-generating Business Negotiated Events

The Business Negotiated Event (BNE) program consists of strategic partnerships that produce high-profile national/international activations on the waterfront. They are complex in nature and involve collaborations among businesses and agencies - including regional tourism agencies - to bring large-scale, revenue-producing events to San Diego Bay.

For these partnerships, WA&A negotiates direct revenue streams from a percentage of sales from ticket sales, concessions, merchandise, and/or total net profit. Incremental revenue to the District and its tenants is also derived from additional room nights booked by event attendees, and by event-generated parking.

Previous BNEs have included events such as the Red Bull Air Races, Comic-Con, Big Bay Boom, Holiday Bowl Parade, Wonderspaces, Lululemon 10k, and Wonderfront Music & Arts Festival.

Sponsorships & Grants

Grants from Other Agencies to the District

Grant Revenue is included in the revenue budget. The District may pursue grants from other agencies where the District may be qualified and the grant would provide for a strategic service. The budget excludes grants that have not been officially awarded.

ANTICIPATED GRANTS	BUDGET FY 2021
Capital Grants – Maritime	\$ 4,594,000
Capital Grants – Recreational	200,000
Capital Grants – Information Technology	1,208,500
Capital Grants – Harbor Police	45,000
Grants Revenue - Other – Harbor Police	1,092,000
Grants Revenue - Other – Maritime	10,000
TOTAL	\$ 7,149,500

Grants that are expected to be received in FY 2021 include the following:

Grants for Maritime. The District will continue to receive grant funds from California Energy Commission for the demonstration of business case for advance microgrids in support of California's energy and greenhouse gas policies program for the TAMT Microgrid Infrastructure project, from the Department of Homeland Security for physical security enhancements, and from the Department of Fish and Game for the Harbor Safety Committee Secretariat program.

Grants for Recreational Projects. The District will continue to receive grant funds from the State of California Natural Resources Agency for the Sweetwater Bicycle Path and Promenade project in City of Chula Vista Bayfront.

Grants for Information Technology Projects. The District will continue to receive grant funds from the Department of Homeland Security for Maritime Sensor Program, Cyber Threat Intelligence, Multi Factor Authentication Program, Thermal Find and Follow Protection, and San Diego Bay Regional Fiber Optic Infrastructure project.

Grants for Harbor Police. The District will continue to receive grants from the following sources: 1) High Intensity Drug Trafficking reimbursement for overtime, 2) Transportation Safety Administration K-9 grant, 3) Marine Task Force Officer reimbursement, 4) Joint Terrorism Task Force grant, 5) Cross-Border Violence Task Force, 6) San Diego County Operation Stonegarden program, 7) Urban Area Security Initiative, and 8) Department of Homeland Security for Patrol Vessel Maintenance and Area Maritime Security Committee (AMSC) Emergency Operations Center.

Sponsorships & Grants

Partnership/Cost Sharing Reimbursement for Environmental Projects. The District will continue to receive reimbursements from SDG&E for Efficiency Partnership Program to enhance the District's capacity to incorporate energy efficiency throughout the District and Regional Harbor Monitoring Program for a coordinated monitoring program among the San Diego region.

PARTNERSHIP/COST SHARING REIMBURSEMENT	BUDGET FY 2021
SDG&E Energy Efficiency Partnership	\$ 435,000
Regional Harbor Monitoring Program	49,000
TOTAL	\$ 484,000
