SUBJECT: TIDELANDS ACTIVATION PROGRAM

PURPOSE:

To establish a policy for sponsorships granted under the Tidelands Activation Program and the role of the Tidelands Activation Program Advisory Committee, in support of events and activities that promote the mission of the San Diego Unified Port District and activate the tidelands.

To support and carry out its mission, the District’s Parks & Recreation Department sponsors events and activities produced by a variety of organizations under the Tidelands Activation Program.

POLICY STATEMENT:

1. Sponsorship Types

   District sponsorships under the Tidelands Activation Program are of two types:

   a. Community Event Sponsorships. The District provides funding and/or services for events that promote one or more of the District’s mission areas, with an emphasis on attracting the public to District tidelands to recreate; and on educating the public regarding the District and its mission.

   b. Signature Event Sponsorships. The District provides funding and/or District services to major public events that give title sponsorship or similarly valuable consideration to the District, attract large numbers of people to the tidelands and generate significant, documented levels of positive financial impact, awareness, and/or promotional return to the District.

   District services include but are not limited to the waiving of all or portions of fees for the use of District parks or facilities, including parking spaces; the cost of providing District personnel to prepare, coordinate, conduct, and evaluate an event, as well as assist in regulatory compliance and obtaining necessary entitlements as required by applicable law; providing District equipment for an...
event; or other agreed-upon services at a set amount based upon the cost of the
District services provided or negotiated not-to-exceed amounts. All waivers of
District charges for parking spaces shall be in accordance with the appropriate
internal District administrative procedures and guidelines.

2. **Budget**

The District’s Parks & Recreation Department is responsible for budgeting all
District sponsorships under the Tidelands Activation Program. Separate budget
line items may be established for Community Event Sponsorships and Signature
Event Sponsorships.

The program’s budget shall be allocated in accordance with the District’s annual
budget process and is included in the Parks & Recreation budget. All requests to
be considered for sponsorship under the Tidelands Activation Program shall be
submitted in writing to the department Director.

3. **Application Guidelines**

All requests for sponsorship from the District shall be submitted to the Director of
Parks & Recreation. The following sets out guidelines for submitting an application.

   a. Sponsorship applications shall be submitted in accordance with an annual
timeline and application guidelines implemented by the Director of Parks &
Recreation.

   b. To be eligible for a sponsorship, an event should occur on District tidelands.
For moving events with no single fixed location, such as runs, walks, and
bike rides, at least a portion of the event must occur on District tidelands
and that portion occurring on District tidelands must include a majority of
the participants in the event (e.g. the beginning or finish line of a race). If a
proposed event will not occur on District tidelands, the applicant must show
how the proposed event meets the criteria set forth herein.
4. Evaluation Criteria – Community

Community Event Sponsorship applications will be evaluated using the following criteria.

a. Number of people the event will attract to District tidelands considering the area utilized, the nature of the event, and the affected community.

b. Ability of the event to address one or more of the following activation, community engagement, and education areas:

- Attract diverse visitors and demographics to District tidelands.
- Foster relationships between the District and its stakeholders in the region and community.
- Provide a desirable attraction that is rare or unique to District tidelands, parks, or facilities.
- Provide the District with opportunities to educate the public and its stakeholders; promote one or more of its mission areas; attract attention to future economic activities and opportunities on the District tidelands; and activate its parks, the waterfront, and San Diego Bay through community engagement and/or public awareness.
- Become self-sustaining through broad support and sustainable funding.

c. Ability and methods used to measure the event’s attendance and support.

d. Percentage of the event’s budget that is being requested from the District including both District funding and services.

e. Projected impacts of the event, positive and negative, on District tenant businesses and the surrounding community, including displacement of parking, traffic, and pedestrian circulation; noise; and concessions that compete with local businesses.
5. Evaluation Criteria – Signature

Signature Event Sponsorship applications will be evaluated using the following criteria:

a. Number of people the event will attract to District tidelands considering the area utilized, the nature of the event and the affected community.

b. Documented past and expected future economic impact and financial return to the District. For Signature Events Sponsorships, the District, at its sole discretion, may conduct an audit and/or require, at the applicant’s sole cost and expense, a post-event economic impact analysis using a scope and methodology approved by the District as a condition of receiving funding and/or District services.

c. Expected value of the event for the District and the creative economy through park and tidelands activation, community engagement, attendee participation, and public and stakeholder awareness.

d. Ability of the event to:
   • Attract diverse visitors and demographics to District tidelands.
   • Foster relationships between the District and its stakeholders in the region and community.
   • Become self-sustaining.
   • Grow in numbers.

e. Percentage of the event’s budget that is being requested from the District including both District funding and services.

6. Application Procedures

Applications shall be reviewed and evaluated using the following process:

a. District staff shall review each application and prepare preliminary recommendations for funding and/or District services. In conducting its
reviews of sponsorship applications, staff shall identify any potentially impacted parties, including government or resource agencies, community organizations, and District tenants, to determine the nature and extent of any impacts of the proposed event or activity.

b. The Tidelands Activation Program Advisory Committee appointed by the Board of Port Commissioners (BPC) shall review District staff recommendations and make its recommendations for funding and/or District services for each application.

c. District staff shall finalize its recommendations for BPC consideration.

7. Agreement Procedures

Following approval of a sponsorship by the BPC, the District and the sponsorship recipient will enter into an agreement that sets out the obligations of both parties as they relate to the District's sponsorship of the event or activity. The District shall execute single-year agreements with the recipients of sponsorships except as addressed below.

8. Signature Event Sponsorship recipients shall have the option of a multi-year agreements for terms of up to three years. District staff reserves the right to not recommend such an agreement for a Signature Event but shall put forth the reasons to the sponsorship recipient and the BPC. In developing its recommendation, District staff shall consider the event’s history with respect to its economic, financial, and/or promotional impact as a District-sponsored or previously non-sponsored event. District funding and/or services for the second and third years of a multi-year agreement are contingent on the fulfillment of the sponsorship recipient's obligations to the District in the previous year, as well as the approval of the budget for the event by the BPC in each year. The recipients of multi-year agreements will be required to provide reports of the results of their events as determined by the District but will not be required to reapply to the Tidelands Activation Program for years two and three, potentially reducing administrative costs to the District and the event sponsor, and providing other potential benefits.

9. Tidelands Activation Program Advisory Committee
a. The Tidelands Activation Program Advisory Committee (TAPAC) shall be appointed annually to review District staff recommendations and make its recommendations for funding and/or District services for each application.

b. The TAPAC shall consist of a non-voting Chair, a non-voting Alternate Chair, seven at-large voting members, and six non-voting advisory members representing the San Diego Port Tenants Association and each of the five District member cities.

c. The TAPAC shall be appointed by the Chair of the BPC during the calendar year in which the TAPAC will review sponsorship applications. The TAPAC Chair and Alternate Chair positions may be filled by Port Commissioners.

d. The San Diego Port Tenants Association representative shall be designated by the Executive Director of the San Diego Port Tenants Association or his or her designee.

e. The District member city representatives shall be recommended by city staff.

f. A quorum will consist of the TAPAC Chair or Alternate Chair and a majority of the at-large members.

A) RESOLUTION AMENDING BOARD POLICY NO. 608: TENANT PERCENT FOR ART PROGRAM

C) RESOLUTION AMENDING BOARD POLICY NO. 771: TIDELANDS ACTIVATION PROGRAM

EXECUTIVE SUMMARY:

The Port’s Waterfront Arts & Activation department is charged with oversight of the Port’s public parks, supporting waterfront commerce, strengthening the creative economy, and encouraging recreational opportunities on tidelands in accordance with the Port Act and Public Trust Doctrine. The department oversees several Board policies that require non-substantive administrative updates which are being brought forth under this agenda item. Administrative updates do not affect the operational management of existing Port programs related to arts, parks, and special events, but include non-substantive updates to incorporate industry standard nomenclature and program language commonly used by government agencies, as well as reflect a name change of the department from Waterfront Arts & Activation to Parks & Recreation in an effort to increase public awareness and understanding of the department’s functions. Terminology updates, technical revisions, standardized formatting to align with other policies, addition of subject headings, removal of redundancies, process clarifications, and grammatical errors in the policy language have also been corrected throughout to increase overall readability.

RECOMMENDATION:

Adopt a resolution to incorporate revisions to three District policies to reflect non-substantive updates: A) Board Policy No. 608: Tenant Percent for Art Program; B) Board Policy No. 609: Public Art Programs; and C) Board Policy No. 771: Tidelands Activation Program.

FISCAL IMPACT:

The proposed Board action does not present any fiscal impact to the District.

COMPASS STRATEGIC GOALS:
DISCUSSION:

Background
The Waterfront Arts & Activation department support’s the Port’s mission to create a vibrant waterfront experience through a variety of placemaking initiatives: parks and recreation programs; arts and cultural programs; community activation programs; and civic and special event sponsorship programs. The department also supports business development, regional and national tourism, the bay-wide creative economy, and administers the access, usage, and permitting of the Port’s 22 waterfront parks and venue properties around the San Diego Bay for the public to enjoy year-round.

In an effort to align with industry standards and best practices, the Waterfront Arts & Activation department periodically reviews its policies and governing administrative documents. The item brought forth under this agenda item includes non-substantive updates to three Board policies that the department currently administers. Administrative updates do not affect the operational management of the Port’s current programs related to arts, parks, and special events, but include updates throughout to incorporate industry standard nomenclature and program language commonly used by government agencies, as well as reflect a name change of the department from Waterfront Arts & Activation to Parks & Recreation in an effort to increase public awareness and understanding of the department’s functions. Terminology updates, formatting changes, technical revisions, addition of subject headings, removal of duplicative language, process clarifications, and grammatical errors in the policy language have also been corrected throughout to increase overall readability.

Redlined versions of the proposed policy revisions are included with this agenda sheet.

General Counsel’s Comments:

The Office of the General Counsel has reviewed this agenda sheet and approves as to form and legality.

Environmental Review:

The proposed Board actions, including without limitation, resolutions to revise BPC policies to include non-substantive administrative updates, do not constitute a “project” under the definition set forth in California Environmental Quality Act (CEQA) Guidelines Section 15378 because they would not have the potential to result in a direct or indirect physical change in the environment and are, therefore, not subject to CEQA. No further action under CEQA is required.

The proposed Board actions comply with Sections 21 and 35 of the Port Act, which allow the Board to pass resolutions and to do all acts necessary and convenient for the exercise of its powers. The Port Act was enacted by the California Legislature and is consistent with the Public Trust Doctrine. Consequently, the proposed Board actions are consistent with the Public Trust Doctrine.

The proposed Board actions do not allow for “development,” as defined in Section 30106 of the California Coastal Act, or “new development,” pursuant to Section 1.a. of the District’s Coastal Development Permit Regulations. Therefore, issuance of a Coastal Development Permit or exclusion is not required.
