FULL COST RECOVERY

Significant variances in staff required to provide certain services make application of a fixed user fee impracticable. In these instances, the applicant is charged for services provided on a reimbursement basis, using fully burdened hourly staff rates. These reimbursement user fees are designated in the Cost Recovery User Fee Schedule as "actual cost."

For all full cost recovery user fee items, an initial deposit (the lower of \$7,500 or 50% of the estimated fee) shall be collected to cover the Port's full cost, including overhead, incurred in conjunction with review and processing as requested by applicant. Additional funds may be collected, as required, to cover the Port's actual costs. Should the application be withdrawn at any time, the deposit shall be adjusted to cover the Port's actual costs, including overhead, up to that time. Any funds remaining on deposit at the time of completion or withdrawal of the application shall be returned to the depositor, after accounting for the expenses incurred to date.

Section 3. This Ordinance shall take effect on the 31st day from its passage by the Board of Port Commissioners.
