

RESOLUTION 2019-055

RESOLUTION APPROVING THE TRANSFER OF FUNDS WITHIN THE FY2019 BUDGET FROM PERSONNEL EXPENSE TO EXPENSE MAJOR MAINTENANCE PROJECT – EMERGENCY REPAIR OF THE FLOATING UPWELLER SYSTEM AT TUNA HARBOR IN THE AMOUNT OF \$220,000 PURSUANT TO BPC POLICY 90

WHEREAS, the San Diego Unified Port District (District) is a public corporation created by the Legislature in 1962 pursuant to Harbors and Navigation Code Appendix I (Act); and

WHEREAS, on June 20, 2017, the Board of Port Commissioners (BPC) authorized an agreement through the District's Blue Economy Incubator with San Diego Bay Aquaculture (SDBA), LLC for a 5-year pilot project to demonstrate shellfish aquaculture nursery operations using a Floating Upweller System (FLUPSY) (Resolution 2017-085); and

WHEREAS, as part of the agreement, the District purchased the FLUPSY and installed it at the end of Dock #2 at Tuna Harbor. It remains the District's asset/property, and SDBA is responsible for operating it as a shellfish nursery; and

WHEREAS, due to a recent series of strong storm events and intense wake from the bay, one of the two guide piles securing the FLUPSY at the end of Dock #2 at Tuna Harbor was found to have been leaning from its vertical position and lost its ability to properly anchor the system; and

WHEREAS, the FLUPSY sustained damage to its pile guides and was moved away from its location to prevent further damage. Urgent repair is required to remove the leaning pile and install replacement pile(s) to provide an adequate structural supporting system for the FLUPSY; and

WHEREAS, in order to restore the FLUPSY to its original location for nurturing oysters, an expeditious repair is essential; and

WHEREAS, Engineering staff is working on obtaining the necessary permits to commence the work as soon as possible, and a consultant has been retained to provide a structural analysis and recommendations for the repair and

WHEREAS, prior to developing a complete scope of work for the repair, the consultant will investigate critical pile availability to minimize delivery time. Concurrent with repair plan development, Engineering staff is coordinating with

marine contractors to procure work proposals; and

WHEREAS, pursuant to Public Contracting Code Section 22035 and 22050, Section 58 of the Port Act, and BPC Resolution 2000-03, the Executive Director declared an emergency at the April 9, 2019 Board meeting; and

WHEREAS, this authorized the immediate execution of contracts to investigate, quantify, and repair the damage to protect District owned property; and

WHEREAS, the declaration of an emergency waives the necessity of formal bidding procedures as required by the State of California Public Contract Code; and

WHEREAS, the BPC is requested to consider this action. Pursuant to BPC Resolution 2000-03, a 4/5 affirmative vote of the BPC is required; and

WHEREAS, an initial estimate of project costs is \$245,000. The Expense Major Maintenance Contingency has \$25,000 available to fund the project. Staff recommends the BPC transfer \$220,000 from the FY2019 Personnel Expense to fund the remaining costs.

NOW THEREFORE, BE IT RESOLVED, that the Board of Port Commissioners of the San Diego Unified Port District, approves the transfer of funds within the FY2019 budget from Personnel Expense to Expense Major Maintenance Project – Emergence Repair of the Floating Upweller System at Tuna Harbor in the amount of \$220,000 pursuant to BPC Policy 90

APPROVED AS TO FORM AND LEGALITY:
GENERAL COUNSEL

By: ~~Assistant/Deputy~~

PASSED AND ADOPTED by the Board of Port Commissioners of the San Diego Unified Port District, this 14th day of May 2019, by the following vote:

AYES: Bonelli, Castellanos, Malcolm, Merrifield, Moore, Valderrama, and Zucchet

NAYS: None.

EXCUSED: None.

ABSENT: None.

ABSTAIN: None.

Garry J. Bonelli, Chairman
Board of Port Commissioners
