NOTICE OF APPROVAL**

Project: Exterior Renovations by Bay Club Hotel and Marina at Shelter Island
Location: 2131 Shelter Island Drive, San Diego, CA 92106
Parcel No.: 002-017
Project No.: 2019-147
Applicant: Lee Hope, Architect, F. Lee Hope Architecture and Planning, 4918 North Harbor Drive, Suite 201, San Diego, CA
Date Approved: September 9, 2019

PROJECT DESCRIPTION

The proposed project would involve renovations to the exterior of the Bay Club Hotel and Marina (Applicant) in the City of San Diego, California. Work to specifically complete the proposed project would involve demolition of existing wood shingles, lap siding, and metal flashings, installation of new plywood sheathing, flashing, and siding on the Bay Club Hotel building. Construction of the proposed project is anticipated to commence late 2019 and would take approximately six (6) months to complete.

Due to its nature and limited scope, construction of the proposed project would generate a minor amount of vehicle trips and would require limited use of equipment. Therefore, impacts related to air quality, greenhouse gas emissions, and transportation and traffic are not anticipated to occur. Furthermore, the Applicant would be responsible for complying with all applicable federal, state, and local laws regarding construction demolition debris, hazards and hazardous materials, and stormwater.

The following categorical determinations are based on the project submittal and all project information known to the District as of the date of this determination.

CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA)

CATEGORICAL DETERMINATION

Categorical Exemptions: SG §15301, Class 1/Section 3.a: Existing Facilities

3.a. Existing Facilities (SG § 15301) (Class 1): Includes operation, repair, maintenance, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that previously existing, including but not limited to:

- (3) Interior and exterior remodeling or alterations, involving negligible or no expansion of use beyond that previously existing, including, but not limited to, marine terminal facilities, and marine-oriented commercial, industrial, and public and commercial recreational facilities, including buildings, piers, wharves, marine ways; railroads; airport facilities, runways, taxiways, aprons, and ancillary structures to those facilities; or mechanical systems and equipment.
- (5) Minor exterior or interior alterations to incorporate architectural changes.

The proposed project is determined to be Categorically Exempt pursuant to the CEQA Guidelines and the Section of the District's *Guidelines for Compliance with CEQA* as identified above. This is appropriate for the proposed project because it would consist of exterior renovations to an existing hotel that would involve no expansion of use beyond that previously existing and would not result in a significant cumulative impact due to the continuation of the existing use. The District has determined none of the six exceptions to the use of a categorical exemption apply to this project (CEQA Guidelines Section 15300.2).

Pursuant to CEQA Guidelines Section 15062, a 35-day statute of limitations for this CEQA exemption shall apply from the date a Notice of Exemption is posted with the San Diego County Clerk, or a 180-day statute of limitations for this CEQA exemption shall apply if no Notice of Exemption is filed.

CALIFORNIA COASTAL ACT

PORT MASTER PLAN CONSISTENCY

Planning District: 1 - Shelter Island/La Playa (Precise Plan Figure 4)

Land Use Designation: Commercial Recreation

The proposed project conforms to the certified Port Master Plan because it would involve exterior renovations to an existing hotel, consistent with the existing certified Land use designation. The proposed project would not change the use of the site nor would it interrupt or expand the existing conforming use of the site.

CATEGORICAL DETERMINATION

Categorical Exclusions: Section 8.a: Existing Facilities

8.a. Existing Facilities: The operation, repair, maintenance, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that previously existing, including but not limited to:

- (12) Interior and exterior remodeling of airport facilities, marine terminal facilities, existing marine-oriented industrial structures, and commercial or recreational facilities

The proposed project is determined to be Categorically Excluded pursuant to the Section of the District's *Coastal Development Permit Regulations* as identified above. This is appropriate for the proposed project because it would consist of exterior renovations to an existing hotel that would involve no expansion of use beyond that previously existing.

Pursuant to California Coastal Act Section 30717, there is a 10-working-day period to appeal this "Coastal Act Categorical Determination of Exclusion" to the California Coastal Commission.

CALIFORNIA PUBLIC TRUST DOCTRINE

The proposed project complies with Section 87.(a)(2) of the Port Act, which allows for all visitor-serving commercial and industrial uses and purposes, and the construction, reconstruction, repair, and maintenance of commercial and industrial buildings, plants, and facilities. The Port Act was enacted by the California Legislature and is consistent with the Public Trust Doctrine. Consequently, the proposed project is consistent with the Public Trust Doctrine.
