and
NOTICE OF APPROVAL**

Project: Sand Hole Repair at La Playa Cove Trail in Shelter Island
Location: Bessemer Path, San Diego, CA 92106
Parcel No.: 002-002
Project No.: 2019-151
Applicant: Charlene K. Dennis, Manager, Engineering-Construction, Port of San Diego, 3165 Pacific Coast Highway, CA 92109
Date Approved: August 26, 2019

PROJECT DESCRIPTION

The proposed project would involve placement of sandbags within two holes beneath the La Playa Trail and slope planting by the Port of San Diego (Port) (Applicant) in the City of San Diego, California. Work to specifically complete the proposed project would involve placement of approximately five (5) 30-pound bags inside each hole and planting of approximately 20 plants of native, site-appropriate non-invasive species in the same area to improve slope stability. Installation of the proposed improvements is anticipated to occur at the beginning of December and would take approximately one (1) week to complete. Sandbags may continue to be placed in the same area as-needed as an interim solution until a long-term erosion and shoreline stabilization plan is established.

Due to its nature and limited scope, construction of the proposed project would generate a minor amount of vehicle trips and would require limited use of equipment. Therefore, impacts related to air quality, greenhouse gas emissions, and transportation and traffic are not anticipated to occur. Furthermore, the Applicant would be responsible for complying with all applicable federal, state, and local laws regarding construction demolition debris, hazards and hazardous materials, and stormwater.

The following categorical determinations are based on the project submittal and all project information known to the District as of the date of this determination.

CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA)

CATEGORICAL DETERMINATION

Categorical Exemptions: SG §15301, Class 1/Section 3.a: Existing Facilities; and SG §15304, Class 4/Section 3.d: Minor Alterations to Land

3.a. Existing Facilities (SG § 15301) (Class 1): Includes operation, repair, maintenance, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that previously existing.

AND/OR

3.d. Minor Alterations to Land (SG § 15304) (Class 4): Includes minor alterations in the condition of land, water and/or vegetation not involving removal of mature, scenic trees, including, but not limited to:

- (1) Filling of earth on previously disturbed land with material compatible with the natural features of the site.
- (2) Minor placement of revetment or other shore protection structures on eroded shoreline to protect the public safety, public or private structures or facilities, or to provide or reestablish bank alignment.
- (5) New gardening or landscaping.

The proposed project is determined to be Categorically Exempt pursuant to the CEQA Guidelines and the Sections of the District's *Guidelines for Compliance with CEQA* as identified above. These are

appropriate for the proposed project because it would involve no expansion of use beyond that previously existing, would not result in a significant cumulative impact due to the continuation of the existing use, would result in no permanent effects on the environment, and would not involve the removal of mature, scenic trees. The District has determined none of the six exceptions to the use of a categorical exemption apply to this project (CEQA Guidelines Section 15300.2).

Pursuant to CEQA Guidelines Section 15062, a 35-day statute of limitations for this CEQA exemption shall apply from the date a Notice of Exemption is posted with the San Diego County Clerk, or a 180-day statute of limitations for this CEQA exemption shall apply if no Notice of Exemption is filed.

CALIFORNIA COASTAL ACT

PORT MASTER PLAN CONSISTENCY

Planning District: 1 - Shelter Island/La Playa (Precise Plan Figure 4).

Land Use Designation: Open Space

The proposed project conforms to the certified Port Master Plan because it would involve placement of sandbags and vegetation to improve slope stability, consistent with the existing certified Land use designation. The proposed project would not change the use of the site nor would it interrupt or expand the existing conforming use of the site.

CATEGORICAL DETERMINATION

Categorical Exclusions: Section 8.a: Existing Facilities; and Section 8.d: Minor Alterations to Land

8.a. Existing Facilities: The operation, repair, maintenance, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that previously existing, including but not limited to:

- (3) Streets, sidewalks, gutters, bicycle and pedestrian paths, and similar facilities

AND/OR

8.d. Minor Alterations to Land: Minor public or private alterations in the condition of land, water, and/or vegetation which do not involve the removal of mature, scenic trees, including but not limited to:

- (2) New gardening or landscaping;
- (3) Filling of earth into previously excavated land with material compatible with the natural features of the site;

The proposed project is determined to be Categorically Excluded pursuant to the Sections of the District's *Coastal Development Permit Regulations* as identified above. These are appropriate for the proposed project because it would involve negligible or no expansion of use beyond that previously existing and would not involve the removal of mature, scenic trees.

Pursuant to California Coastal Act Section 30717, there is a 10-working-day period to appeal this "Coastal Act Categorical Determination of Exclusion" to the California Coastal Commission.

CALIFORNIA PUBLIC TRUST DOCTRINE

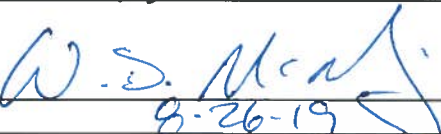

The proposed project complies with Section 87.(a)(5) of the Port Act, which allows for the construction, reconstruction, repair, maintenance, and operation of public buildings, public assembly and meeting places, convention centers, parks, playgrounds, bathhouses and bathing facilities, recreation and fishing piers, public recreation facilities, including, but not limited to, public golf courses, and for all works, buildings, facilities, utilities, structures, and appliances incidental, necessary, or convenient for the promotion and accommodation of any of those uses. The Port Act was enacted by the California Legislature and is consistent with the Public Trust Doctrine. Consequently, the proposed project is consistent with the Public Trust Doctrine.
