Project: Tideland Use and Occupancy Permit to Body Beautiful Car Wash, Inc., for Landscaping, Signs, and Parking
Location: Adjacent to 2045 Pacific Highway, San Diego, CA 92101
Parcel No.: 017-009
Project No.: 2020-081
Applicant: Yogesh Mody, President, Body Beautiful Car Wash, Inc., 2045 Pacific Highway, San Diego, CA 92101
Date Approved: July 14, 2020

PROJECT DESCRIPTION

The proposed project is the renewal of a Tideland Use and Occupancy Permit (TUOP) to Body Beautiful Car Wash, Inc. (Lessee) for their use of approximately 1,596 square feet of tideland area located adjacent to 2045 Pacific Highway in the City of San Diego, California. The areas proposed for use under this TUOP are currently and would continue to be used only and exclusively for landscaping and signage four parking spaces, and ingress and egress to and from the Tenant's adjoining property by vehicles and pedestrians and for no other purpose whatsoever without the prior written consent of the Executive Director of District in each instance. The Tenant would be responsible for compliance with all laws and regulations associated with the activities on or in connection with the above-described premises, and in all uses thereof, including those regulating stormwater and hazardous materials. No new development, construction, or increase in the size of the property is proposed or authorized as part of the TUOP.

It is anticipated that the TUOP would have a total term of approximately five (5) months, commencing on August 1, 2020 and terminating at the end of December 31, 2020. The TUOP may be terminated by the District or Tenant as a matter of right and without cause at any time upon providing thirty (30) days' notice in writing to the other party of such termination.

The following categorical determinations are based on the project submittal and all project information known to the District as of the date of this determination.

CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA)

CATEGORICAL DETERMINATION

Categorical Exemption: SG §15301, Class 1/Section 3.a: Existing Facilities

3.a. Existing Facilities (SG § 15301) (Class 1): Includes operation, repair, maintenance, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that previously existing, including but not limited to:

- (4) New and renewed short-term tenancy agreements which do not result in change in the existing use. This exemption does not apply to any new development associated with the activities of the tenant. This exception is also inapplicable if the cumulative impact of continuing the existing use or conditions in the same place, over time, is significant.

The proposed project is determined to be Categorically Exempt pursuant to the CEQA Guidelines and the Section of the District's *Guidelines for Compliance with CEQA* as identified above. This is appropriate for the proposed project because it consists of the renewal of an existing TUOP for parking, landscaping, and signage, would involve no expansion of use beyond that previously existing, and would not result in a significant cumulative impact due to the continuation of the existing use. The District has determined none of the six exceptions to the use of a categorical exemption apply to this project (CEQA Guidelines Section 15300.2).

Pursuant to CEQA Guidelines Section 15062, a 35-day statute of limitations for this CEQA exemption shall apply from the date a Notice of Exemption is posted with the San Diego County Clerk, or a 180-

day statute of limitations for this CEQA exemption shall apply if no Notice of Exemption is filed.

CALIFORNIA COASTAL ACT

PORT MASTER PLAN CONSISTENCY

Planning District: 3 - Centre City Embarcadero (Precise Plan Figure 11)

Land Use Designation: Streets

The proposed project conforms to the certified Port Master Plan because it consists of the renewal of an existing TUOP for parking, landscaping, and signage, consistent with the existing certified Land use designation. The proposed project would not change the use of the site nor would it interrupt or expand the existing conforming use of the site.

CATEGORICAL DETERMINATION

The proposed project would renew an existing real estate agreement through issuance of a TUOP. The proposed project does not allow for “development” as defined in Section 30106 of the California Coastal Act, or “new development” pursuant to Section 1.a. of the District’s Coastal Development Permit Regulations. Therefore, issuance of a Coastal Development Permit or categorical exclusion is not required.

CALIFORNIA PUBLIC TRUST DOCTRINE

The proposed project complies with Section 87.(a)(4) of the Port Act, which allows for the construction, reconstruction, repair, and maintenance of highways, streets, roadways, bridges, belt line railroads, parking facilities, power, telephone, telegraph or cable lines or landings, water and gas pipelines, and all other transportation and utility facilities or betterments incidental, necessary, or convenient for the promotion and accommodation of any of the uses set forth in this section. The Port Act was enacted by the California Legislature and is consistent with the Public Trust Doctrine. Consequently, the proposed project is consistent with the Public Trust Doctrine.
