Project Title: *Right of Entry License Agreement to San Diego County Regional Airport Authority for Site Inspections*
Project Location – Specific: *2535 Pacific Highway, San Diego, CA 92101; 3032 N. Harbor Drive, San Diego, CA 92101; 3125 Pacific Highway, San Diego, CA 92101; 1420 West Palm Street, San Diego, CA 92101; and 1550 West Palm Street, San Diego, CA 92101*

Project location – City: *San Diego*

Project Location – County: *San Diego*

Description of Nature, Purpose, and Beneficiaries of Project: *The proposed project is a Right of Entry License Agreement (ROELA) to the San Diego County Regional Airport Authority (Licensee) to enter six properties located in the city of San Diego, California. The area proposed for use under this ROELA would be used by the Licensee, and its authorized agent(s) and contractor(s), for the purpose of site inspections, assessments, surveys, and geotechnical and environmental studies, including soil borings and infiltration tests, as well as associated ingress and egress. The properties are not currently being used, but are improved (with paving and other minor structures) and were utilized for parking and other uses as recently as May 2020.*

The ROELA would have a total duration of approximately one (1) year, or would terminate upon completion of the Work, whichever occurs earlier. Due to its nature and limited scope, implementation of the proposed project would generate a minor amount of vehicle and truck trips and would require limited use of construction equipment. Vehicle and truck trips would be associated with transport of inspectors and equipment. Therefore, no significant impacts would occur. Any disturbed surfaces would be restored to pre-project conditions. Furthermore, the Licensee would be responsible for abiding by and conforming to all laws and regulations associated with the activities on or in connection with the above-described premises, including hazards and hazardous materials and stormwater.

Exempt Status: (Check one):

- Ministerial (Sec. 21080(b)(1); 15268);
- Declared Emergency (Sec. 21080(b)(3); 15269(a));
- Emergency Project (Sec. 21080(b)(4); 15269(b)(c));
- Categorical Exemptions: Existing Facilities (SG § 15301) (Class 1); Minor Alterations to Land (SG § 15304) (Class 4); and Information Collection (SG § 15306) (Class 6)**
- Statutory Exemption. State code number:

Reason Why Project is Exempt: *The proposed project is determined to be Categorically Exempt pursuant to California Environmental Quality Act (CEQA) Guidelines Sections 15301 (Existing Facilities), 15304 (Minor Alterations to Land), and/or 15306 (Information Collection), and Sections 3.a., 3.d., and/or 3.f. of the District's Guidelines for Compliance with CEQA because it would consist of a ROELA for site inspections and assessments that would involve no expansion of use beyond that previously existing, would not involve the removal of mature, scenic trees, and would not result in a serious or major disturbance to an environmental resource. In addition, all*

surfaces disturbed by the proposed project would be restored to match the surrounding surface areas.. The District has determined none of the six exceptions to the use of a categorical exemption apply to this project (CEQA Guidelines Section 15300.2). Section 3.a. of the District's CEQA Guidelines is as follows:

3.a. Existing Facilities (SG § 15301) (Class 1): Includes operation, repair, maintenance, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that previously existing.

AND/OR

3.d. Minor Alterations to Land (SG § 15304) (Class 4): Includes minor alterations in the condition of land, water and/or vegetation not involving removal of mature, scenic trees, including, but not limited to:

(7) Minor trenching and backfilling where the surface is restored.

AND/OR

3.f. Information Collection (SG § 15306) (Class 6): Includes basic data collection, research, experimental management, and resource evaluation activities which do not result in a serious or major disturbance to an environmental resource. These may be for information gathering purposes, or as part of a study leading to an action which has not yet been approved, adopted or funded.
