Project Title: Restroom, Bicycle Storage, and Janitor Closet Addition by Safe Harbor Marina Cabrillo Isle at Harbor Island
Project Location – Specific: 1450 Harbor Island Drive, San Diego, CA 92101
Project Location – City: San Diego
Project Location – County: San Diego

Description of Nature, Purpose, and Beneficiaries of Project: The proposed project would involve the construction of restroom, bicycle storage, and janitor closet additions by Safe Harbor Marina (Applicant) in the City of San Diego, California. Work to specifically complete the proposed project would involve demolition of a portion of an existing concrete sidewalk beneath the second story deck of the existing SHM building and approximately 195 square feet (sq. ft.) of asphalt in the parking area for installation of water and sewer service for the proposed bathroom addition; installation and connection of water and sewer lines to existing site lines; restoration of the asphalt surface to its existing condition; and construction of an approximately 185 sq. ft. two restroom addition, 364 sq. ft. of bicycle storage, and 179 sq. ft. of janitor closet. Construction of the proposed project is anticipated to occur in Fall 2020 and would take approximately two (2) months to complete. Construction staging would require temporary use of five (5) parking spaces for construction materials, but no changes in the number of parking spaces would occur as a result of the proposed project.

Due to its nature and limited scope, construction of the proposed project would generate a minor amount of vehicle trips and would require limited use of equipment. Therefore, significant impacts related to air quality, greenhouse gas emissions, and transportation and traffic are not anticipated to occur. Furthermore, the Applicant would be responsible for complying with all applicable federal, state, and local laws regarding construction demolition debris, hazards and hazardous materials, and stormwater.
