Project: Space Renovation by Hilton San Diego Bayfront at Centre City Embarcadero
Location: 1 Park Boulevard, San Diego, CA 92101
Parcel No.: 019-044
Project No.: 2020-106
Applicant: Todd Hersperger, Vice President of Asset Management, Sunstone Hotel Investors,
 200 Spectrum Center Drive, 21st Floor, Irvine, CA 92618
Date Approved: Nov 6, 2020

PROJECT DESCRIPTION

The proposed project would involve renovation of existing restaurant space to convert it to an event function space by the Hilton San Diego Bayfront (Tenant) in the City of San Diego, California. Work to specifically complete the proposed project would involve demolition, selective removal, and reconstruction of the following features within an existing 5,270 square-foot (sq. ft.) restaurant, 2,660 sq. ft. of kitchen, 670 sq. ft. of restroom, and 1,780 sq. ft. of outdoor dining space: interior walls and partitions; floor, base, and ceiling finishes and accessories; patio slab, patio accessories, and landscaping; exterior storefront and sliding doors; doors, windows, and treatments; furniture, furnishing, and equipment; and HVAC, electrical, irrigation, fire sprinkler and plumbing systems. The renovated space would consist of three (3) new event salons and pre-function area within the existing restaurant space; a chef office, dry storage, back of house facilities, and renovated kitchen within the existing kitchen area; and renovated restrooms and patio area. The proposed improvements would not result in an increase of building footprint or increase of capacity from existing conditions. Construction of the proposed project is anticipated to occur in Winter 2020 and would take approximately five (5) months to complete.

Due to its nature and limited scope, construction of the proposed project would generate a minor amount of vehicle trips and would require limited use of equipment. Therefore, significant impacts related to air quality, greenhouse gas emissions, and transportation and traffic are not anticipated to occur. Furthermore, the Tenant would be responsible for complying with all applicable federal, state, and local laws regarding construction demolition debris, hazards and hazardous materials, and stormwater.

The following categorical determinations are based on the project submittal and all project information known to the District as of the date of this determination.

CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA)

CATEGORICAL DETERMINATION

Categorical Exemptions: SG §15301, Class 1/Section 3.a: Existing Facilities; SG §15302, Class 2/Section 3.b: Replacement or Reconstruction; and SG §15303, Class 3/Section 3.c: New Construction or Conversion of Small Structures.

- 3.a. Existing Facilities (SG § 15301) (Class 1): Includes operation, repair, maintenance, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that previously existing, including but not limited to:
- (3) Interior and exterior remodeling or alterations, involving negligible or no expansion of use beyond that previously existing, including, but not limited to, marine terminal facilities, and marine-oriented commercial, industrial, and public and commercial recreational facilities, including buildings, piers, wharves, marine ways; railroads; airport facilities, runways, taxiways, aprons, and ancillary structures to those facilities; or mechanical systems and equipment.
 - (5) Minor exterior or interior alterations to incorporate architectural changes.
 - (7) Existing facilities used to provide electric power, natural gas, sewerage, or other public

utility service.

AND/OR

- 3.b. Replacement or Reconstruction (SG § 15302) (Class 2): Includes replacement or reconstruction of existing structures and facilities where the new structure will be located on the same site and will have substantially the same purpose and capacity as the structure being replaced.

AND/OR

- 3.c. New Construction or Conversion of Small Structures (SG § 15303) (Class 3): Includes construction of limited numbers of new, small facilities or structures; installation of small new equipment and facilities in small structures; and conversion of existing small structures from one use to another with minor modifications to the exterior of the structure.

The proposed project is determined to be Categorically Exempt pursuant to the CEQA Guidelines and the Sections of the District's *Guidelines for Compliance with CEQA* as identified above. These are appropriate for the proposed project because it consists of interior and exterior renovation of existing restaurant space to be used as event function space, would involve no expansion of use beyond that previously existing, would not result in a significant cumulative impact due to the continuation of the existing hotel function use, would consist of the reconstruction of existing facilities, would be located on the same site as the structure replaced, and would consist of the conversion of existing small structures from one use to another where only minor modifications are made in the exterior of the structure. The District has determined none of the six exceptions to the use of a categorical exemption apply to this project (CEQA Guidelines Section 15300.2).

Pursuant to CEQA Guidelines Section 15062, a 35-day statute of limitations for this CEQA exemption shall apply from the date a Notice of Exemption is posted with the San Diego County Clerk, or a 180-day statute of limitations for this CEQA exemption shall apply if no Notice of Exemption is filed.

CALIFORNIA COASTAL ACT

PORT MASTER PLAN CONSISTENCY

Planning District: 3 - Centre City Embarcadero (Precise Plan Figure 11)

Land Use Designation: Commercial Recreation

The proposed project conforms to the certified Port Master Plan because it consists of interior and exterior renovation of existing restaurant space to be used as event function space, consistent with the existing certified Land use designation. The proposed project would not change the use of the site nor would it interrupt or expand the existing conforming use of the site.

CATEGORICAL DETERMINATION

Categorical Exclusions: Section 8.a: Existing Facilities; Section 8.b: Replacement or Reconstruction; and Section 8.c: New Construction or Conversion of Small Structures

- 8.a. Existing Facilities: The operation, repair, maintenance, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that previously existing, including but not limited to:
- (1) Interior or exterior alterations involving such things as partitions, plumbing, and electrical conveyances;
 - (2) Public and private utilities used to provide electric power, natural gas, sewer, or other utility services;
 - (12) Interior and exterior remodeling of airport facilities, marine terminal facilities, existing marine-oriented industrial structures, and commercial or recreational facilities.

AND/OR

- 8.b. Replacement or Reconstruction: Replacement or reconstruction of existing structures and facilities where the new structure will be located essentially on the same site as the structure replaced and will have substantially the same purpose and capacity as the structure replaced.
 - (2) Replacement or reconstruction of existing utility systems and/or facilities involving negligible or no expansion of capacity.

AND/OR

- 8.c. New Construction or Conversion of Small Structures: Construction and location of limited numbers of new, small facilities or structures and installation of small, new equipment and facilities, involving negligible or no change of existing use of the property.

The proposed project is determined to be Categorically Excluded pursuant to the Sections of the District's *Coastal Development Permit Regulations* as identified above. These are appropriate for the proposed project because it consists of interior and exterior renovation of existing restaurant space to be used as event function space, would involve no expansion of use beyond that previously existing, would be located essentially on the same site as the structure replaced, and would involve negligible change of existing use of the property.

Pursuant to California Coastal Act Section 30717, there is a 10-working-day period to appeal this "Coastal Act Categorical Determination of Exclusion" to the California Coastal Commission.

CALIFORNIA PUBLIC TRUST DOCTRINE

The proposed project complies with Section 87.(a)(2) of the Port Act, which allows for all visitor-serving commercial and industrial uses and purposes, and the construction, reconstruction, repair, and maintenance of commercial and industrial buildings, plants, and facilities. The Port Act was enacted by the California Legislature and is consistent with the Public Trust Doctrine. Consequently, the proposed project is consistent with the Public Trust Doctrine.
