Project: Event Tent Replacement by Sheraton San Diego Hotel and Marina at Harbor Island
Location: 1380 Harbor Island Drive, San Diego CA 92101
Parcel No.: 006-003
Project No.: 2021-068
Applicant: Francis Corso, Senior Project Manager, KSL Resorts, 18575 Jamboree Road, Suite 500, Irvine, CA 92612
Date Approved: Jun 14, 2021

PROJECT DESCRIPTION

The proposed project would involve replacement of an existing event tent by Sheraton San Diego Hotel and Marina (Tenant) in the City of San Diego, California. Work to specifically complete the proposed project would involve removal of the existing 20,000 square foot (sq. ft.) event tent, and installation and connection of a new 20,000 sq. ft. event tent to the existing concrete pad, bolt-downs, and power hook-ups. The new tent would provide increased energy efficiency and water/weather proofing compared to the existing tent. Construction of the proposed project is anticipated to occur in Summer 2021 and would take approximately two (2) weeks to complete with ongoing maintenance as needed.

Due to its nature and limited scope, construction of the proposed project would generate a minor amount of vehicle trips and would require limited use of equipment. Therefore, significant impacts related to air quality, greenhouse gas emissions, and transportation and traffic are not anticipated to occur. Furthermore, the Tenant would be responsible for complying with all applicable federal, state, and local laws regarding construction demolition debris, hazards and hazardous materials, and stormwater.

The following categorical determinations are based on the project submittal and all project information known to the District as of the date of this determination.

CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA)

CATEGORICAL DETERMINATION

Categorical Exemptions: SG §15301, Class 1/Section 3.a: Existing Facilities; and SG §15302, Class 2/Section 3.b: Replacement or Reconstruction

3.a. Existing Facilities (SG § 15301) (Class 1): Includes operation, repair, maintenance, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that previously existing.

AND/OR

3.b. Replacement or Reconstruction (SG § 15302) (Class 2): Includes replacement or reconstruction of existing structures and facilities where the new structure will be located on the same site and will have substantially the same purpose and capacity as the structure being replaced.

The proposed project is determined to be Categorically Exempt pursuant to the CEQA Guidelines and the Sections of the District's *Guidelines for Compliance with CEQA* as identified above. These are appropriate for the proposed project because it consists of in-kind replacement of an existing event tent, would involve no expansion of use beyond that previously existing, would be located on the same site as the structure replaced, and would have substantially the same purpose and capacity. The District has determined none of the six exceptions to the use of a categorical exemption apply to this project (CEQA Guidelines Section 15300.2).

Pursuant to CEQA Guidelines Section 15062, a 35-day statute of limitations for this CEQA exemption shall apply from the date a Notice of Exemption is posted with the San Diego County Clerk, or a 180-
