San Diego, CA 92101

**Project Title:** Agreements with NRC Environmental Services, Inc., Ocean Blue Environmental Services, Inc., Clean Harbors Environmental Services, Inc., and Ancon Services for As-Need Hazardous Waste Management and Emergency Response Services

**Project Location – Specific:** Port Tidelands

**Project location – City:** San Diego, National City, Coronado, Chula Vista, and Imperial Beach, California

**Project Location – County:** San Diego

**Description of Nature, Purpose, and Beneficiaries of Project:** The proposed project involves four agreements between San Diego Unified Port District (District) and NRC Environmental Services, Inc., Ocean Blue Environmental Services, Inc., Clean Harbors Environmental Services, Inc., and Ancon Services, respectively, to provide as-needed hazardous waste management and emergency response services at various District locations. The amount of the agreement is not to exceed an aggregate amount of \$1,500,000 for a period of five years, through 2028. These services could include hazardous materials spill response, biohazardous materials clean-up, routine or planned management and disposal of regulated wastes, disaster response and support, and emergency abatement of contaminants potentially exposed to District employees or the public. More specifically, services may include, but not be limited to, the following:

- Hazardous materials spill response, including oil spills, storm drain cleanings, and wastes abandoned on Tidelands.
- Biohazardous materials clean-up, including sewage spills, lift station pump-outs, crime scenes, public areas (e.g., parks, restrooms, parking lots, benches), and decontamination of District vehicles, equipment, and facilities.
- Routine or planned management and disposal of regulated wastes generated by District activities, including handling of sharps, waste paints, waste oil, oily rags, and empty aerosol cans, as well as decontamination of derelict vessels and events like Operation Clean Sweep.
- Disaster response and support, including support for firefighting, support for emergency repairs of District infrastructure, and protection and defense of wildlife and natural areas.
- Emergency abatement of contaminants potentially exposed to District employees or the public, including encampments, testing for airborne mold in water-damaged District office spaces, and discovery of unforeseen hazardous materials during Engineering or General Services projects.

**Name of Public Agency Approving Project:** San Diego Unified Port District (SDUPD)

**Name of Person or Agency Carrying Out Project:** George Liddle, Senior Environmental Specialist, Environmental Protection, San Diego Unified Port District, 3165 Pacific Highway, San Diego, CA 92101; (619) 686-7295

**Exempt Status:** (Check one):

- Ministerial (Sec. 21080(b)(1); 15268);
- Declared Emergency (Sec. 21080(b)(3); 15269(a));
- Emergency Project (Sec. 21080(b)(4); 15269(b)(c));
- Categorical Exemptions: Existing Facilities (SG § 15301) (Class 1), Minor Alterations to Land (SG § 15304) (Class 4), and Actions by**

**Regulatory Agency for Protection of the Environment (SG § 15308)  
(Class 8)**

Statutory Exemption. State code number:

**Reason Why Project is Exempt:** The proposed project is determined to be Categorically Exempt pursuant to California Environmental Quality Act (CEQA) Guidelines Sections 15301 (Existing Facilities), 15304 (Minor Alterations to Land), and 15308 (Actions by Regulatory Agencies for Protection of the Environment) and Sections 3.a.(9), 3.d., and 3.h. of the District's Guidelines for Compliance with CEQA because it would involve agreements for as needed hazardous waste management and emergency response services that would involve no expansion of use beyond that previously existing, would result in no permanent effects on the environment, and would consist of routine management and emergency response services needed to protect the environment. Sections 3.a.(9), 3.d., and 3.h. of the District's CEQA Guidelines are as follows:

3.a. Existing Facilities (SG § 15301) (Class 1): Includes operation, repair, maintenance, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that previously existing, including but not limited to:

- (9) Restoration or rehabilitation of deteriorated or damaged structures, facilities or mechanical equipment to meet current standards of public health and safety or permit requirements, unless it is determined that the damage was substantial and resulted from an environmental hazard such as earthquake, landslide, or flood.

AND/OR

3.d. Minor Alterations to Land (SG § 15304) (Class 4): Includes minor alterations in the condition of land, water and/or vegetation not involving removal of mature, scenic trees.

AND/OR

3.h. Actions by Regulatory Agency for Protection of the Environment (SG § 15308) (Class 8): Includes actions taken by regulatory agencies to assure the maintenance, restoration, enhancement, or protection of the environment where the regulatory process involves procedures for protection of the environment. Construction activities and relaxation of standards allowing environmental degradation are not included in this exemption.
