Project Title Training Facility Upgrades by the U S Coast Guard at National City Bayfront

Project Applicant: Andrew Castengera, US Coast Guard, Maritime Security Response Team West, 1022 Bay Marina Drive, Suite 106, National City, CA 91950, (619) 336-2130

Project Location – Specific 1022 Bay Marina Drive, Suite 106, National City, CA 91950

Project location – City National City

Project Location – County San Diego

Description of Nature, Purpose, and Beneficiaries of Project The proposed project would involve upgrades to the existing shoot house training facility used by the United States Coast Guard located at National City Bayfront. This facility is utilized by U S Coast Guard Special Missions Training Center West for unit and mission specific training. Work to specifically complete the proposed project would involve upgrading the existing plywood training structures and walls to metal materials and adding infrastructure to match the existing training structures. This would include additional Connex boxes with internal stairs and railings, internal and external ladders, windows with shutters, internal pass-throughs, and various hatches, as well as steel walls with support beams and several doors to facilitate training operations. The structures and components would be galvanized when applicable and all surfaces would be painted with commercial grade paint. The proposed infrastructure improvements would require anchoring to the concrete foundation and concrete floor system to ensure stability during use, but this is not a permanent build out and would be removable if needed. The proposed improvements have been sized by the contractor to be install specific to the training facility surface area and would not impact the external shell of the building. All work is to be completed only in the interior of the training facility.

Construction of the proposed project is anticipated to occur in or around November of 2024 and would take approximately one (1) week to complete. No road closures or disruptions to neighboring businesses are anticipated for this project.

Due to its nature and limited scope, construction of the proposed project would generate a minor amount of vehicle trips and would require limited use of equipment. Therefore, impacts related to air quality, greenhouse gas emissions, and transportation and traffic are not anticipated to occur. Furthermore, the Applicant would be responsible for complying with all applicable federal, state, and local laws regarding construction demolition debris, hazards and hazardous materials, and stormwater.

Name of Public Agency Approving Project San Diego Unified Port District (SDUPD)

Exempt Status (Check one)

- Ministerial (Sec 21080(b)(1), 15268),
- Declared Emergency (Sec 21080(b)(3), 15269(a)),
- Emergency Project (Sec 21080(b)(4), 15269(b)(c)),
- Categorical Exemption(s): Existing Facilities (SG § 15301) (Class 1) and Replacement or Reconstruction (SG § 15302) (Class 2)**
- Statutory Exemption State code number

Reason Why Project is Exempt: The proposed project is determined to be Categorically Exempt pursuant to California Environmental Quality Act (CEQA) Guidelines and the Section(s) of the District's Guidelines for

Compliance with CEQA as identified above because upgrades to the existing U S Coast Guard shoot house training facility would involve negligible or no expansion of use beyond that previously existing, would consist of the replacement and reconstruction of existing structures, would be located on the same site as the structure replaced, and would have substantially the same purpose and capacity Section 3 a and 3 b of the District's CEQA Guidelines is as follows

- 3 a Existing Facilities (SG § 15301) (Class 1) Includes operation, repair, maintenance, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that previously existing
 - (3) Interior and exterior remodeling or alterations, involving negligible or no expansion of use beyond that previously existing, including, but not limited to, marine terminal facilities, and marine-oriented commercial, industrial, and public and commercial recreational facilities, including buildings, piers, wharves, marine ways, railroads, airport facilities, runways, taxiways, aprons, and ancillary structures to those facilities, or mechanical systems and equipment

AND/OR

- 3 b Replacement or Reconstruction (SG § 15302) (Class 2) Includes replacement or reconstruction of existing structures and facilities where the new structure will be located on the same site and will have substantially the same purpose and capacity as the structure being replaced
