Project Title Turf Restoration at Ruocco Park by the San Diego Unified Port District

Project Applicant: Kurt Brckley, Manager of Operations & Maintenance, Guest Experiences, San Diego Unified Port District, 3165 Pacific Highway, San Diego, CA, 92101, 619-994-2969

Project Location – Specific: 585 Harbor Lane, San Diego, CA 92101

Project location – City San Diego

Project Location – County San Diego

Description of Nature, Purpose, and Beneficiaries of Project The proposed project would involve turf maintenance at Ruocco Park by the San Diego Unified Port District (District) in the city of San Diego, California. The District is proposing to conduct turf maintenance in preparation for higher anticipated public use during the summer. Physical work to complete the proposed project would involve mowing the existing turf, aerating the soil, and planting new grass within the circular turf area of Ruocco Park. Following seed distribution, the District would install temporary orange safety fencing around the perimeter of the circular turf area of Ruocco Park to allow for the new grass to establish and successfully germinate. The existing irrigation system would be used to water the newly planted grass. The triangular turf and landscaped area of Ruocco Park would remain open for public use for the entirety of the project (see Exhibit 1).

All proposed work is scheduled to occur in the Winter with the intention of performing maintenance during the park's less frequently used months. Construction of the proposed project is anticipated to start in approximately January and would take approximately two (2) months to complete, with ongoing maintenance as needed. The adjacent promenade, public restrooms and comfort station, park benches, and public parking lot would remain open for public use for the entirety of the proposed project. Equipment required to complete the proposed project is limited to mowers, a tow behind roller aerator, a mechanical tractor, and seed distributors, and no project staging area would be required. Signage related to the temporary park closure and the nature of the closure would be posted a minimum of two (2) weeks prior to commencement of work.
