Project Title Parking Lot Use as Ancillary Space for the GSV Summit Event at Seaport Village
Project Applicant: Bradley Gee, Executive Producer, Agency EA, 311 W Walton St , Chicago, IL 60610, (415) 305-8661
Project Location – Specific 2-98 Market Place, San Diego, CA 92101
Project location – City San Diego
Project Location – County San Diego

Description of Nature, Purpose, and Beneficiaries of Project The proposed project would involve the use of parking lot space at Seaport Village by Global Silicon Valley (Applicant) for the GSV Summit Event in the city of San Diego, California. The event, an annual EdTech conference held at the Grand Manchester Hyatt San Diego (Hyatt), has previously used a small section of the parking lot for temporary activations connected with the event, and proposes to continue and expand this activation to offer more content to guests at an outdoor stage and lounge. A Coastal Act Categorical Determination of Exclusion (Project No. 2025-031) was issued previously for the project on March 18, 2025. This amendment is necessary to include the increased exterior lounge and seating areas from the previous event, as well as additional parking spaces required for an 18-wheeler trailer that would be utilized as a space for meetings and showcases throughout the event.

Up to approximately 40 parking spaces in the outdoor parking lot across Market Pl directly south of the Hyatt would be utilized by the Applicant to accommodate the outdoor stage and lounge set-up. A connecting pathway from the main event to the exterior lot via the Hyatt loading dock would be installed to guide attendees between the two spaces. Set up for the exterior portion of the event would specifically consist of the following:

- One (1) approximately 40-foot by 60-foot tent with fabric walls to contain sound bleed from the stage
- Stage risers, backdrop and miscellaneous AV to support presentations for approximately 150 seated guests
- Generator to support AV system and HVAC within the tent
- Additional lounge and activity seating outside the tent related to the sponsor and stage content
- Small RV trailer
- 18-wheeler trailer
- Generator to support AV system and power to the trailer
- Perimeter barricades for event security and crowd control

There is possibility of a small bar for hosted receptions that would be serviced by Seaport Village tenants to provide potential beer and wine service in this space. Due to the sale of alcohol, temporary fencing is required to be installed around the footprint of the exterior space. Additionally, an RV truck for event partners at Road Trip Nation would share a portion of the exterior space.

The exterior lot would be used throughout the duration of the event, or approximately three (3) days, with an additional day for set up preceding the event, breakdown would directly follow the closure of the event on its final day. The event would last from 8:00 a.m. to 9:00 p.m. on its first two (2) days, and from 8:00 a.m. to 12:00 p.m. on its final day. Pending approval of a service permit, the small bar would provide potential beer and wine service during select hours within the preceding timeframes.

Due to its temporary nature and limited scope, the proposed project would generate a minor amount of vehicle trips and would require limited use of equipment. Therefore, impacts related to air quality, greenhouse gas emissions, and transportation and traffic are not anticipated to occur. Furthermore, the Applicant would be responsible for complying with all applicable federal, state, and local laws regarding construction demolition debris, hazards and hazardous materials, and stormwater.
