Project Title: Geotechnical Investigation at the Port Park in Barrio Logan

Project Applicant: Abraham Pineda, Capital Project Manager, Engineering-Construction, San Diego Unified Port District, 3165 Pacific Highway, San Diego, CA 92101, (619) 725-6058

Project Location – Specific: 1449 Cesar E. Chavez Pkwy, San Diego, CA 92101

Project location – City: San Diego

Project Location – County: San Diego

Description of Nature, Purpose, and Beneficiaries of Project: The proposed project would involve a geotechnical investigation by Bowman Consulting Group and Ninyo & Moore (Contractors) on behalf of the San Diego Unified Port District (District) in the city of San Diego, California. The purpose of the proposed project is to identify on-site geotechnical properties for future improvements to the southeastern corner of the Port Park in Barrio Logan. Work to specifically complete the proposed project would involve conducting a topographical survey to identify existing on-site utilities and performing two (2) 8" diameter borings to depths of 50 feet. Once the soil samples are retrieved, the boring holes would be backfilled using cement and bentonite. The borings would be located in the southeastern portion of the park, adjacent to the existing parking lot and within the existing grass area (see Exhibit 1). Equipment required to conduct the geotechnical investigation would consist of a truck mounted drill rig, a support truck, and a pick-up truck. Prior to conducting the borings, the Contractors would mark potential subsurface conflicts to ensure the proposed work does not impact existing utilities. In accordance with Underground Service Alert (USA) requirements, the Contractors would obtain a USA DigAlert ticket prior to commencement of work.

Construction of the proposed project is anticipated to occur in approximately Spring of 2026 and would take approximately one (1) day to complete. All work would occur within the existing park footprint, and it is anticipated that up to three (3) parking spaces would be temporarily unavailable. The proposed project would require approximately three (3) personnel to complete work, including two (2) personnel for drilling and one (1) geologist.

Name of Public Agency Approving Project: San Diego Unified Port District (SDUPD)

Exempt Status: (Check one): Ministerial (Sec. 21080(b)(1); 15268);
 Declared Emergency (Sec. 21080(b)(3); 15269(a));
 Emergency Project (Sec. 21080(b)(4); 15269(b)(c));
 Categorical Exemption(s): Information Collection (SG § 15306) (Class 6)
 Statutory Exemption. State code number:

Reason Why Project is Exempt: The proposed project is determined to be Categorically Exempt pursuant to California Environmental Quality Act (CEQA) Guidelines Section 15306 (Information Collection) and Section 3.f. of the District's Guidelines for Compliance with CEQA because it is for the purpose of basic data collection and research which would not result in a serious or major disturbance to an environmental resource. Section 3.f. of the District's CEQA Guidelines is as follows:

- 3.f. Information Collection: Includes basic data collection, research, experimental management, and resource evaluation activities which do not result in a serious or major disturbance to an

environmental resource. These may be for information gathering purposes, or as part of a study leading to an action which has not yet been approved, adopted or funded.

The District has determined none of the six exceptions to the use of a categorical exemption apply to this project (CEQA Guidelines Section 15300.2).
