ABOUT THE PORT OF SAN DIEGO

The Port of San Diego is dedicated to enhancing the relationship our people and our businesses have with our dynamic waterfront. By investing in San Diego Bay, our region’s most valuable asset, we are able to deliver prosperity and a remarkable way of life for visitors and residents alike.

Did You Know?
The Port of San Diego is a financially self-sustaining public agency. While the Port has the authority to tax, the district has not done so since 1970. The Port’s revenues come from lease payments for prime waterfront parcels, as well as cargo fees and other lines of business. These revenues are invested back into community and public service programs such as art, parks, piers and more.

This unique public operating system allows us to fulfill the public trust by creating and maintaining an exceptional waterfront, balancing maritime business, recreation opportunities, environmental stewardship and public safety for the benefit of all who work and play here.
