The Service Provider further agrees that the duty to indemnify, and the duty to defend the District as set forth in 9.a, requires that Service Provider pay all reasonable attorneys’ fees and costs District incurs associated with or related to enforcing the indemnification provisions, and defending any Claim arising from the services of the Service Provider provided for in this Agreement.
c. The District may, at its own election, conduct its defense, or participate in the defense of any Claim related in any way to this Agreement. The formation, interpretation and performance of this Agreement shall be governed by the laws of the State of California.
14. **INDEPENDENT REVIEW.** Each party hereto declares and represents that in entering into this Agreement it has relied and is relying solely upon its own judgment, belief and knowledge of the nature, extent, effect and consequence relating thereto. Each party further declares and represents that this Agreement is being made without reliance upon any statement or representation not contained herein of any other party, or any representative, agent or attorney of any other party.

15. **INTEGRATION AND MODIFICATION.** This Agreement contains the entire Agreement between the parties and supersedes all prior negotiations, discussion, obligations and rights of the parties in respect of each other regarding the subject matter of this Agreement. In that event, all finished or unfinished documents and other materials shall at the option of District be delivered by Service Provider to the Don L. Nay Port Administration Building (located at 3165 Pacific Highway, San Diego, California 92101). Termination of this Agreement by Executive Director (President/CEO) as provided in this paragraph shall release District from any further fee or claim hereunder by Service Provider other than the fee earned for services which were performed prior to termination but not yet paid. Said fee shall be calculated and based on the schedule as provided in this Agreement.

18. **DISPUTE RESOLUTION**

a. If a dispute arises out of or relates to this Agreement, or the alleged breach thereof, and is not settled by direct negotiation or such other procedures as may be agreed, and if such dispute is not otherwise time barred, the parties agree to first try in good faith to settle the dispute amicably by mediation administered at San Diego, California, by the American Arbitration Association, or by such other provider as the parties may mutually select, prior to initiating any litigation or arbitration. Notice of any such dispute must be filed in writing with the other party within a reasonable time after the dispute has arisen. Any resultant Agreements shall be documented and may be used as the basis for an amendment or directive as appropriate.

b. If mediation is unsuccessful in settling all disputes that are not otherwise time barred, and if both parties agree, any still unresolved disputes may be resolved by arbitration administered at San Diego, California, by the American Arbitration Association, or by such other provider as the parties may mutually select, provided, however, that the Arbitration Award shall be non-binding and advisory only. Any resultant Agreements shall be
documented and may be used as the basis for an amendment or directive as appropriate. On demand of the arbitrator or any party to this Agreement, sub-contractor and all parties bound by this arbitration provision agree to join in and become parties to the arbitration proceeding.

c. The foregoing mediation and arbitration procedures notwithstanding, all claim filing requirements of the Agreement documents, the California Government Code, and otherwise, shall remain in full force and effect regardless of whether or not such dispute avoidance and resolution procedures have been implemented, and the time periods within which claims are to be filed or presented to the District Clerk as required by said Agreement, Government Code, and otherwise, shall not be waived, extended or tolled thereby. If a claim is not timely filed or presented, such claim shall be time barred and the above dispute avoidance and resolution procedures, whether or not implemented or then pending, shall likewise be time barred as to such claims.

19. **PAYMENT BY DISTRICT.** Payment by the District pursuant to this Agreement does not represent that the District has made a detailed examination, audit, or arithmetic verification of the documentation submitted for payment by the Service Provider, made an exhaustive inspection to check the quality or quantity of the services performed by the Service Provider, made an examination to ascertain how or for what purpose the Service Provider has used money previously paid on account by the District, or constitute a waiver of claims against the Service Provider by the District. The District may in its sole discretion withhold payments or seek reimbursement from the Service Provider for expenses, miscellaneous charges, or other liabilities or increased costs incurred or anticipated by the District which are the fault of or as result of work performed or negligent conduct by or on behalf of the Service Provider. Upon five (5) day written notice to the Service Provider, the District shall have the right to estimate the amount of expenses, miscellaneous charges, or other liabilities or increased costs and to cause the Service Provider to pay the same; and the amount due the Service Provider under this Agreement or the whole or so much of the money due or to
become due to the Service Provider under this Agreement as may be considered reasonably necessary by the District shall be retained by the District until such expenses, miscellaneous charges, or other liabilities or increased costs shall have been corrected or otherwise disposed of by the Service Provider at no expense to the District. If such expenses, miscellaneous charges, or other liabilities or increased costs are not corrected or otherwise disposed of at no expense to the District prior to completion date of the Agreement, the District is authorized to pay for such expenses, miscellaneous charges, or other liabilities or increased costs from the amounts retained as outlined above or to seek reimbursement of same from the Service Provider. It is the express intent of the parties to this Agreement to protect the District from loss because of conduct by or on behalf of the Service Provider.

**District Stormwater Conditions**

The District has the authority to make and enforce necessary rules and regulations governing, among other things, stormwater management and discharge control. The District’s stormwater regulations are found in Article 10 of the San Diego Unified Port District Code (“District Code”). Among other things, the District Code prohibits all non-stormwater discharges to the stormwater conveyance system and San Diego Bay.

Special events have been identified by the District as a potential source of non-stormwater discharges to the storm drain system and San Diego Bay. Discharges to the storm drain system or the Bay that are not entirely stormwater violate the District’s Code. To help prevent illicit discharges, the District requires the implementation and maintenance of Best Management Practices (BMPs) at special events. The discharge of any event-related material (including trash, bacteria, or metals) into the storm drain system or the bay will result in a citation. BMPs specific to the activities planned for each special event are to be identified in writing prior to the event time. The following BMPs are routinely required:

• General Operations and Housekeeping
  o Conduct routine inspections throughout the event site before, during, and after the event to ensure that all BMPs are functioning properly and that storm drains and the bay are free from non-stormwater discharges.
  o Properly dispose of all event-related debris from the stormwater conveyance system (e.g. gutters, curb inlets, catch basins, etc)
  o All storm drains located within the event space must be covered at the time of the event and until all event materials have been removed from the event site.
o Trash dumpsters, portable toilets, wash stations and generators shall have secondary containment and must be located at least 10 feet away from any uncovered storm drain inlets or catch basins and the water’s edge.

o Conduct outdoor sweeping of hardscape areas like the parking lot, (if spaces have been requested) sidewalks or any other paved areas within the event site to adequately control dust and debris.

o Routinely remove and dispose of trash and debris generated by the event.

o Keep all outdoor areas neat and clean before, during, and after the event.

- Non-stormwater Management

  o Keep the event site clear of illicit connections and unauthorized non-stormwater discharges to the storm drain system or the bay. **Only rain is allowed in the storm drain system or the bay.**

  o Keep the event site clear of leaks and spills that have the potential to discharge into the storm drain system or the bay.

  o Have spill response materials on site and easily accessible at all locations that have the potential to pollute (wash stations, dumpsters, portable restrooms, cooking areas, etc.)

- Outdoor Activity and Operation

  o All spills (oil, grease, trash juice and beverages) must be cleaned up immediately. Some spills will require the use of a power washer to remove any stain.

  o Capture, contain, and properly dispose of all wash water used before, during, and after the event.

  o Minimize the volume of cleaning water to decrease wastewater.

- Waste Handling and Recycling

  o Dumpsters and waste receptacles must be covered, and lids closed when not in use.

  o Dumpsters and waste receptacles should be kept at acceptable levels (not overflowing).

  o Properly maintain specialized waste areas.

  o Full trash bags must be transported in a spill proof container to ensure that any leaks from the bags do not spill on the ground.

  o If hazardous materials are present, a licensed hazardous waste removal company must be hired to properly dispose of the material.

- Outdoor Material Storage

  o Minimize outdoor material storage areas in and around the event space.

  o Keep materials stored under overhead cover (e.g. tarps or canopies) or within secondary containment.

- Vehicles and Equipment

  o Keep site clear of leaking fluids from vehicles and equipment. Use drip pans under leaking vehicles or equipment.

  o Regularly conduct preventive maintenance on all vehicles and equipment directly associated with the event to ensure no leaks are present.
- Have absorbent booms or spill materials available when fueling vehicles and equipment on-site.
- Capture, contain, and dispose of all vehicle and equipment wash water.

- **Outdoor Drainage from Indoor Activity**
  - Keep the event site clear from indoor activities being tracked outdoors (e.g. dirt or spilled liquids being stepped in and tracked outside)

- **Over Water Activities**
  - Implement BMPs to prevent discharges from over water activities

- **Education and Training**
  - Train event staff in stormwater, spill response, and pollution prevention.

BMP implementation record and the stormwater training will be filled out and signed by the event organizer during a pre-event environmental walk-through. Direction related to permitted special event activities can be found in the District’s Jurisdictional Runoff Management Document (JRMP). The JRMP is available on the District website: (https://www.portofsandiego.org/environment/clean-water.html) or by contacting the Environmental Protection Department, (619) 686-6254.
