The California Teamsters 911 (Union) and the San Diego Unified Port District (District) agree to modify the Memorandum of Understanding Between the Union and the District effective immediately to read as follows:

Non-Sworn Safety Personnel Unit

Article 17 Annual Leave Scheduling

d. There will be two (2) rounds to choose annual leave. In round one, each dispatcher may pick up to three (3) weeks, or one hundred twenty (120) hours, of annual leave. This annual leave will be taken in a minimum of one (1) week increments.

In round two, each dispatcher can pick up to two (2) weeks, or eighty (80) hours, of annual leave. This annual leave may be taken in less than a one (1) week increment, but may not be more than three (3) separate blocks of time. For example: a dispatcher may select three individual days off; or one week and two additional days, taken consecutively or not.

NOTE: Dispatchers currently work twelve-hour (12) shifts. It is understood that a dispatcher may choose three (3) consecutive weeks of annual leave that would total one hundred twenty-eight (128) hours. Also, a dispatcher may choose three (3) separate weeks of annual leave in which they are scheduled to work four (4) days or forty-four (44) hours, which would total one hundred thirty-two (132) hours.
